JUDICIAL DEPARTMENT.

No. 95.

Extract from the Minutes Consultation under date the 22d January 1857.

Read the following letter from the Commissioner of Police.

Refers to the Superannuation Pension granted to members of the Police Force in the New Police Act, reports that there are several men of different ranks unfit for further service by old age and infirmity, solicits His Lordship in Council's permission to send them up for Examination by a Medical Officer, appointed to report on them. Also suggests that no candidate be hereafter admitted on the strength of the Force unless passed by a Medical Officer and that there be a limit as to age.

(Here enter 23rd December 1856, No. 149.)

1. In this letter the Commissioner of Police brings to the notice of Government, that there are several men in the Force whom, from their old age and infirmities, it is desirable to superannuate; and he requests the Government to nominate a Medical Officer, before whom he may direct those individuals to appear for Examination.

2. The Government are of opinion, that, with the sanction of the Right Honorable the Governor, the men should present themselves for this purpose before the Garrison Surgeon of Fort St. George. With regard, however, to the particular Sections (XVII, XVIII and XIX) of Act XIII of 1856, quoted by Colonel Boulderson, it is observed that these Sections provide for the institution of a Superannuation Pension Fund out of the proceeds of certain stoppages of pay, fines, &c., which shall be invested and applied, under sanction of Government, to this sole purpose. The Act has been in force since the 1st November last only, and the Government are not aware whether the Fund can be said yet to have been established. This the Commissioner will explain, as also whether the particular men who are to be invalided have contributed towards it.

3. The Rules proposed by the Commissioner that every Candidate for admission into the Force shall be medically examined, and that no person shall be enrolled, whose age may be under twenty (20) or above thirty (30), appear to be judicious, and have the sanction of Government.
