No. 1665.

Extract from the Minutes of Consultation under date the 19th August 1858.

Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to T. PYCROFT, Esq., Chief Secretary to Government, dated 9th August 1858, No. 2632.

SIR,

I have the honor to submit for the consideration and orders of Government an Estimate amounting to Rupees (210) two hundred and ten, for renewing

3. As the Session Judge strongly recommends that, the building in question, should be put in proper repair at an early date, to render it habitable during the ensuing monsoon which is fast approaching, I beg Government will be pleased to accord their sanction for the immediate execution of the work on emergency.

Letter from Lieutenant J. MULLINS, District Engineer, Nellore; to Major E. LAWFORD, Officiating Chief Engineer, dated Nellore, 30th July 1858, No. 1593.

SIR,

I have the honor to forward for sanction an Estimate,† prepared at the request of the Session Judge, for the repair of the Jailor's house at this station, together with a copy of the correspondence relating thereto.

Letter from F. H. CROZIER, Esq., Session Judge of Nellore; to Lieutenant JOHN MULLINS, District Engineer, Nellore, dated 3rd July 1858, No. 25.

SIR,

I have the honor to report for your information, that I am informed the Jailor's house, a Government building, is in so dilapidated a state as to render it unsafe during the ensuing Monsoon and that under date 31st October 1854, I called upon the Civil Engineer to put the house in repair, nothing however has been done to it, except replacing the tiles after the storm of November last, I request therefore you will have the goodness for the present to put the building in proper repair and make it habitable for the Jailor without delay.

Letter from Lieutenant JOHN MULLINS, District Engineer, Nellore; to F. H. CROZIER, Esq., Session Judge of Nellore, dated Camp Poterreddypolleum 28th July 1858, No. 1575.

SIR,

With reference to your letter, No. 25 dated 3rd July 1858, I have the honor to forward for your countersignature on estimate amounting to Rupees 210 for repairing the Jailor's House, and as it appears from Captain Ritherdon's remarks that the present building proposed to be repaired is much larger than the House originally sanctioned by Government, I shall feel obliged if you will

favor me with any explanation regarding this circumstance that may be necessary, as it is probable that, without this, the Chief Engineer may decline to sanction the outlay required for its repair.

Letter from F. H. CROZIER, Esq., Session Judge of Nellore; to Lieutenant JOHN MULLINS, District Engineer, Nellore, dated 29th July 1858, No. 29.

SIR,

In returning duly countersigned the estimate* for repairing the Jailor's House, I have the honor to state, the additions alluded to in your letter had been made by the Jailor himself in consequence of the building being too small and wholly unsuited to accommodate a family and I deem it quite essential the proposed alterations and repairs should now be carried out so soon as *practicable*. The House was condemned by the Inspector of Prisons, on his visit here two years since, who observed that better accommodation should be provided for the Jailor.

Referred to the Judicial Department for consideration.
