GENTLEMEN,

The Governor in Council has received from the Government of India, a representation from the Governor of Pondicherry on the subject of the Sulphur consigned to you by Messrs. Gravier and Paulin in July 1856.

2. The only communication received from you on this subject was that of 15th October last, requesting that either a License might be granted you to sell the Sulphur or that your tender of it to the Commissary General might be accepted. You were then informed in reply, that Government could not depart from the terms of the Notification issued by the Government of India, which absolutely prohibited the transport or sale of Sulphur until further notice.

3. I am now directed to intimate that you are at liberty to re-export the Sulphur to Pondicherry, and to request that you will be so good as to state whether you are disposed to do so.
