Fort St. George, Judicial Consultation, 19th October 1858.

No. 60. Read the following letter from J. ROHDE, Esq., Inspector of Prisons; to T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George, dated Ootacamund, 29th September 1858, No. 397.

SIR,

I have the honor to forward a copy of a letter received from the Session Judge of Trichinopoly with enclosure to his address from the Garrison Surgeon in charge of the Jail, complaining of the absence of qualified Medical subordinates and requesting me to take steps to remedy the defect.

2. I had on several occasions of my visiting prisoners, within the last nine months, noticed that the immediate charge of the Hospitals was left to very young and inexperienced boys. I found three at Chingleput whose youth particularly struck me, I did not under the pressing circumstances under which I knew that the experienced Dressers had been removed, deem it right to raise any objections, but I must now earnestly solicit the attention of Government to the fact, I think it will occur to the Military authorities as it has done to myself that such a charge is by no means desirable for young lads, and that the arrangement is likely to be as prejudicial to them as it is objectionable on other accounts.

From T. I. P. HARRIS, Esq., Session Judge of Trichinopoly; to J. ROHDE, Esq., Inspector of Prisons, dated 24th September 1858, No. 145.

SIR,

I have the honor to forward copy of a letter received by me from the Garrison Surgeon and request you will be good enough to take such steps in the matter as may seem advisable to you.

2. The Garrison Surgeon complained to me in person of the great want of a Dresser at the Jail, and I recommended him to write to me officially.

From Garrison Surgeon J. DORWARD; to T. I. P. HARRIS, Esq., Civil and Session Judge of Trichinopoly, dated 24th September 1858, No. 18.

SIR,

I have the honor to bring to your notice that there is no fixed Medical subordinate attached to the Jail, that the services of the 2nd Dresser of the 34th Regiment L. I., now doing duty in the Jail Hospital may be required at any time with his Corps, and that the Superintending Surgeon would probably find it difficult or impossible in the present paucity of Medical Subordinates to substitute another in his place.
