No. 2188.

Extract from the Minutes of Consultation under date the 18th October 1858.

Read the following letter from Lieut.-Colonel E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 9th October 1858, No. 4389.

SIR,

With reference to Extract from the Minutes of Consultation in the Revenue Department, No. 672, dated 21st May 1858, I have the honor to forward for submission to Government, a Plan and Estimate, amounting to Rupees (420) four hundred and twenty, for constructing a Cutwal's Choultry at Vaniembaddy, in the District of Salem.

1 Copy of a letter.
1 Plan.
1 Abstract Estimate.
1 Report on do.

2. It will be perceived from the accompanying copy of a letter from the District Engineer, that the building at present used as the Cutwal's Choultry is in a dilapidated condition, that there is no suitable place for the custody of Prisoners, or for Records, and that there is no proper place for the shelter of the Cutwal's Peons in bad weather. Provision for all of which has been made in the accompanying Estimate.

No. 364, dated 8th Sept. 1858.

3. The rates given in the Estimate are moderate but sufficient to carry out the proposed work and appear suited to the locality. I beg to recommend that Government will be pleased to sanction the same either for immediate execution, or for entry in the Budget for 1859-60.

Letter from Lieutenant T. E. GAHAGAN, District Engineer of Salem; to Major E. LAWFORD, Officiating Chief Engineer, dated Camp Tripatoor, 8th September 1858, No. 364.

SIR,

In reply to your letter No. 618, of the 26th May 1858, (subject as per margin*) I have the honor to state that the building now used as the Cutwal's Choultry at Vaniembady, consists of a Court-yard, 30 feet by 12 feet with a mud wall on 3 sides and an open verandah 30 feet by 6 feet with a tiled roof on the 4th side. The walls require repair in several places; the wood work of the roof his rotten, and only a few of the tiles are in a sound state.

Calling for a Report on the building now used as the Cutwal's Choultry at Vaniembady, and for an estimate for a new building if it should be considered necessary.

2. The Cutwal states that he has no proper place for Prisoners or for Records, and that there is not in bad weather sufficient shelter for his Peons.

3. I have therefore the honor to forward an estimate amounting to Rupees 420 for a new Choultry.

Referred to the Judicial Department.
