No. 4. From W. KNOX, Esq., Magistrate of Masulipatam; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 1st November 1858.

SIR,

With reference to Extract Minutes Consultation, 18th September 1858, No. 1279, I have the honor to submit two statements, No. 1 shewing the present strength and expense of the Masulipatam Sibundee Corps, and No. 2, shewing the maximum charge when the Corps is at its full strength and organization.

2. Barracks for a Detachment of 100 men at Juggiapett with huts for the men, suitable quarters for the Serjeant, Powder Magazine and Hospital and huts at Razapoor for 50 men are to be built as suggested by me in my letter of the 30th April 1858, but the plans and estimates called for in the Department of Public Works by the Extract Minutes Consultation, 1st June 1858, No. 710, not having as yet been prepared, the charge on this account cannot be stated now.

3. There is also the annual clothing at an expense of Rs. 596-4, and the biennial clothing at an expense of Rs. 588-2, besides cloth for Jackets and Caps, and silk and worsted Sashes every four years once, as particularized in statement No. 2. Of the biennial allowance, the issue of Native Blankets and Cumblies, has been sanctioned under date 1st June 1858, and of silk Sashes for the Native Officers, on 26th July 1858. For the other sums and articles, the sanction of Government is now requested, as it is doubtful whether the Civil Auditor will pass the bills for clothing, without a more definite sanction than that already accorded.

4. The Sibundees have begun to fire, and would have been ready by this time to take up the guards at Juggiapett and Razapoor, but some have only just received their arms and the cloth for the men's Jackets was only made over to Captain Ansley, about 10 days ago. I am in duty bound to mention this, as that officer has been most anxious to make his men efficient as quickly as possible, and hopes early in next month to be able to relieve the Detachment at Juggiapett. I may also remark that even now common Infantry muskets have been substituted for Fusils and the former are much too heavy for men who, to be of any real service, must be able to get over the ground far more quickly than regular troops, and should therefore be as lightly armed as can be.

Vide letter 7th September. 5. I hope Government will be pleased at an early date, to send up an Officer to be second in Command; the men are too young Soldiers to be trusted entirely away from European control, as they would be at Razapoor, if no Officer is sent for that post.
