No. 37. Read the following letter from the Municipal Commissioners for the Town of Madras; to the Chief Secretary to Government, Fort Saint George, dated 23rd February 1858.

SIR,

We have the honor to transmit copy of a letter from our Civil Engineer, submitting a plan of the Police Tannah and Inspector's Quarters now being built at Washerman's Pettah, and suggesting that the adjoining house, marked A, be bought and the materials sold, and that so much of the ground required for improving the road be taken and paid for by our Board, and the remainder be converted into a Cattle Pound in lieu of the old piece used for that purpose, which is in an inconvenient spot on the opposite side of the road and which might be sold; which suggestion, we beg to recommend to the favorable consideration of the Right Honorable the Governor in Council, and should His Lordship be pleased to sanction the transfer of the Cattle Pound to the proposed site, we will carry the same into effect without putting Government to any expense beyond the cost of erecting the new Pound.

We have desired our Civil Engineer to submit the Title Deeds of the house marked A in plan, to the Honorable Company's Solicitor for approval, before the purchase is made.

From A. C. SILVER, Esq., Civil Engineer; to the Municipal Commissioners for the Town of Madras, dated 16th February 1858, No. 20.

GENTLEMEN,

I have the honor to submit a plan of the Police Tannah and Inspector's Quarters now being built at Washerman's Pettah and to make the following suggestions.

The house marked A stands very much forward on the street-way detracting much from the improvement rendered by the purchase of the late Washerman's house and the erection of the new Tannah.

I would therefore suggest that the house marked A be bought and the materials sold, and that so much of the ground required for the road be taken and paid for by your Board; and the remaining piece converted into a Police Pound in lieu of the old piece used for the purpose, which is in an inconvenient spot on the opposite side of the road, and which might be sold.

The cost of this improvement would be very little as shewn in the accompanying estimate; and I would recommend it to your favorable consideration.

No. 38. ORDER THEREON, No. 300; dated 6th March 1858.

Ordered to be communicated to the Commissioner of Police for his opinion and report.

Chief Secretary.
