Fort St. George, Judicial Consultation, 12th March 1858.

No. 93. Read the following letter from J. D. ROBINSON, Esq., Joint Magistrate of Canara; to T. PYCROFT, Esq., Chief Secretary to Government, dated Camp Tinay Chowky, 3rd March 1858, No. 129.

SIR,

I have the honor to suggest that, if not inconvenient to the public service, it would be advantageous that Captain Walpole should be the Senior Officer under my directions during these operations. He has joined me early, is already acquainted with much of the ground and has taken measures for strengthening the out-posts with stockades. Were he superceded, his views might not be carried out, and I am of opinion that a change of system is to be deprecated. I may mention also, that Captain Walpole has taken a prominent part in our councils and is a Captain of ten years' standing.

In conclusion I beg to state, that should the whole force now under requisition be assembled in this neighbourhood, it would be necessary that a Medical Officer should be appointed, as at present I have only an Apothecary in Camp, and am not certain that the Dresser for whose services I have applied from Hurryhur will be sent.

No. 94. ORDER THEREON, No. 335; dated 12th March 1858.

The Government are unable to accede to the request preferred in the above letter. It is observed, that the force sent from Hurryhur is under the command of a Field Officer as will most probably be that despatched from Bellary, and the Senior Officer present with the whole force will of course take command.

A medical Officer will accompany the re-inforcements.
