		~~Mis~~
50-51		
Dated	17-8-	1958

Not to be folded or roughly handled

No. 50. Read the following Extract from the Proceedings of the Sudder Udalt, under date the 5th May 1858, No. 32.

Read Extract from the Minutes of Consultation, under date the 14th April 1858.

1. The Government herein refer for report a letter from the Acting Civil Judge of Cuddalore, in which that officer forwards certain plans for new Court Houses prepared by the District Engineer; and recommends that, in lieu of erecting any new buildings, a large and substantial house, belonging to Mrs. Fothergill, be purchased for the purpose.

2. The Court of Sudder Udalt are decidedly of opinion that the better and really most economical course, will be the erection of a building specially designed for the purpose to which it is intended to be applied.

3. The Court observe that the alterations which would require to be made to Mrs. Fothergill's house, would raise its cost to at least Rupees 15,000, or within Rupees 6,600 of the price of the new building in plan No. 2, which the Judges prefer, not because it is cheaper, but more convenient than that in No. 1.

4. The small additional outlay does not appear to the Judges to be worth consideration in a matter of this kind, when the Government are making provision for the wants of years to come, and they think it would be better to secure exactly what is required.

5. The Judges also consider it desirable that, while building, the size of the Court-rooms should be such as to allow of a free admission of the public; and that, for this purpose, the dimensions should be somewhat larger than in the plan No. 2, if this object can be secured without much additional expense.

6. The Judges accordingly resolve to instruct the Acting Civil Judge to call upon the District Engineer for a revised estimate, providing for the Civil Judge's and Principal Sudr Ameen's Court-rooms being 35 feet by 25; and those of the Moofly Sudr Ameen and District Moonsiff 25 feet by 20; and at the same time to mention, whether, in every other respect, he considers the plan No. 2 all that is needed, and incapable of improvement, so that it may not be necessary, at any subsequent period, to make expensive alterations, which might have been foreseen.

(True Extract.)

Acting Register.

No. 51.

ORDER THEREON, No. 647; dated 17th May 1858.

1. With his letter of 31st March, the Acting Civil Judge of Cuddalore submitted 3 plans of buildings for the accommodation of the Courts of the Civil Judge, Principal Sudr Ameen, Moofly Sudr Ameen, and District Moonsiff of Cuddalore. No. 1 was a plan for a cruciform building with two floors, No. 2 for a building of one floor, and No. 3, the plan of Mrs. Fothergill's house, which Mr. Ellis suggested should be purchased, adapted to the purposes of the Courts. The cost of the first building was estimated at Rupees 22,500, of the second Rs. 21,600 and of the third Rupees 15,000, inclusive of the expense of the alterations. The Civil Judge recommended the adoption of plan No. 2, if a new building was to be constructed, but if otherwise, the purchase and alteration of Mrs. Fothergill's house.

2. This communication was referred for the opinion of the Sudder Udalt; and they now report in the letter above recorded, that it would be the better and most economical course to erect a new building; and that of the plans submitted by the Civil Judge, they prefer No. 2 as being more convenient than No. 1. The Judges, however, deeming it desirable that the size of the Court rooms should be such as to allow of a free admission of the public, have instructed the Acting Civil Judge to request the District Engineer to forward revised estimates providing for the more extensive accommodation specified by them, and to state at the same time whether, in every other respect, he considers the plan all that is needed and incapable of improvement, so that, at any subsequent period, it may not be necessary to make expensive alterations which might have been foreseen.

3. The Right Honorable the Governor in Council concurs in the view taken by the Court of Sudder Udalt, and will await the receipt of the revised estimate and information called for from the District Engineer, which should be submitted in the Public Works Department through the Chief Engineer.

(Signed) T. PYCROFT,

Chief Secretary.

N^o. 647

Extract from the Minutes of Consultation

Dated 17th May 1858.

Read the following ext. from the
Proceedings of the Sudder Council.

(Here enter 5th May 1858 No 32.)

1. With his letter of 30th March
the Acting Civil Judge of Cuddalore,
submitted three plans of buildings
for the accommodation of the
Courts of the Civil Judge, Principal
Sudder Ameen, Moofy, Sudder
Ameen and District Moonsiff of
Cuddalore. No 1 was a plan for
a cruciform building with two
floors, No 2 for a building of one
floor, and No 3 the plan of Mr
Fothergill's house - which Mr
Ellis suggested should be purchased
- adapted to the purposes of the
Courts. The cost of the first

building was estimated at Rs 22,600,
of the second Rs 21,600 and of the third
Rs 15,000 inclusive of the expense
of alterations. The Civil Judge
recommended the adoption of plan
No 2 if a new building was to be
constructed, but if otherwise, the
purchase ^{of alteration} of Mr Fothergill's house

2. This communication was
referred for the opinion of the Sudder
Magistrate; and they now report in the
letter above recorded, that it would
be the better and most economical
~~course~~ course to erect a new build-
ing; and that of the plans ~~sub-~~
mitted by the Civil Judge, they
prefer No 2 as being more con-
venient than No 1. The Judges
however, deeming it desirable
that the size of the Court rooms
should be such as to allow of a
free admission of the public, have
instructed the Civil Judge to
request the District Engineer
to forward revised estimates
providing for the more extensive
accommodation specified by
them, and to state at the same
time whether in every other

respect, he considers the plan
that is needed & incapable of im-
provement, so that, at any sub-
sequent period it may not be
necessary to make expensive
alterations which might have
been foreseen.

3. The Right Honourable the
Governor in Council concurs in
the view taken by the Court of
Sudder Magistrate, and will await
the receipt of the revised estimates
and information called for from
the District Engineer, which should
be submitted in the P. W. Dept. this the
Chief Engineer.
