No. 1120.

Extract from the Minutes of Consultation under date the 14th June 1858.

Read the following letter from Colonel C. E. FABER, Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 27th May 1858, No. 632.

SIR,

1 Copy of letter.
1 Plan.
1 Estimate.

With reference to the accompanying copy of a letter from the Commissioner of Police dated 13th April 1858, No. 268, I have the honor to submit a Plan and Estimate of a new Tannah

proposed to be built adjoining the new Coalsheds at a cost of Rupees (380) three hundred and eighty.

2. The building is certainly required to afford security to the north east part of the Town now opened by the removal of the ramparts.

3. The rates appear suitable and the Plan is approved by the Commissioner.

Letter from Colonel J. C. BOULDERSON, Commissioner of Police; to Colonel C. E. FABER, Chief Engineer, dated 13th May 1858, No. 268.

SIR,

As the construction of the new Coal Godowns near the Water gate, will cause the removal of the Tannah shed now occupied by the Police guard close by, and as the location of a portion of the detective Force is absolutely necessary in that neighbourhood on account of the bad character of the inhabitants, will you do me the favor to take into consideration the necessity of including a building for the Police in the estimate for the works now in contemplation.

Referred to the Judicial Department for consideration.
