Fort St. George, Judicial Consultation, 2nd July 1858.

No. 82. Read the following letter from Colonel J. C. BOULDERSON, Commissioner of Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 10th June 1858, No. 70.

SIR,

"Sir,

1. The recent occupation by the sick, under instruction from the Director General Medical Department, of the building originally designed as an Hospital, but lately used by the Apothecary as a dwelling house, has deprived the latter of Quarters attached to the Penitentiary.

2. I need scarcely point out to you the inconvenience arising from his living at a distance from the Penitentiary, particularly during the prevalence of any epidemic disease, I consider the residence of an Apothecary either on the premises, or in their immediate neighbourhood as an absolute necessity; and Government has also virtually acknowledged their approval of his doing so, in sanctioning Quarters being built for his use.

3. Neither is it necessary for me to point out to you, the personal inconvenience to himself of living at a considerable distance, there being no house available in the vicinity. I do myself the honor of addressing you on the present occasion, to request the favor of your making application to the proper authorities, that, the Quarters sanctioned for the use of the Apothecary be set about as speedily as possible, as an emergent case.

Madras,
10th June 1858. }

(Signed) J. L. PAUL,
Surgeon 1st District."

Sir,

I have the honor to acknowledge receipt of your letter of this date, and in reply to inform you that, I will forward it to Government with my recommendation that the building, sanctioned for the accommodation of the Apothecary, be commenced without delay.

2. In the meantime, I can, as I have before told you, place the Quarters underneath the Jailor's rooms, now occupied by Mr. Wright, Superintendent of the House of Industry, who will vacate them in a day or two at your disposal. These rooms are certainly too small for the accommodation of a person, having so large a family as your Apothecary Mr. Jones; but if, in his stead, you could get a person without a family posted to the Penitentiary Hospital, it appears to me that he would find ample room, and the great inconvenience attending the non residence of an Apothecary on the premises, would be avoided.

missioner's Office,

consequently requires much more accommodation than I can afford to place at his disposal, but the Rooms under the Jailor's Quarters, are considered by Mr. Wright and his wife, cool and comfortable, and if the change that I propose is made, I think that an Apothecary may be located on the premises, without any inconvenience to him, provided he is not encumbered with a family.

4. To prevent further cause for complaint, I trust the Government will see the necessity of directing the Department Public Works to proceed with the construction of the building sanctioned for the accommodation of that Officer as early as practicable.

No. 83. Read also Extract Minutes Consultation in the Public Works Department, dated 23rd June 1858, No. 1188.

Referring for consideration copy of a letter from the Officer in charge of the Central Office of Public Works, forwarding a Plan and Estimate, amounting to Rupees 5,420 for constructing Apothecary's Quarters near the Penitentiary. (Vide Public Works Consultation, 2nd July 1858, Nos. 3 and 4.)

No. 84. ORDER THEREON, No. 887; dated 2nd July 1858.

The Government approve the plan of the Bungalow with Out-Offices, proposed to be erected for the accommodation of the Apothecary attached to the Penitentiary; and direct, in reference to the letter from the Commissioner of Police above recorded, that the necessary orders be issued in the Public Works Department for the early execution of the work.

Letter from Surgeon A. LORIMER, M. D., Secretary to the Director General, Medical Department; to Major E. LAWFORD, in charge of Central Circle, Public Works Department, Fort Saint George, dated 17th May 1858, No. 758.

SIR,

With reference to your letter marginally noted, forwarding plan for the quarters of the Apothecary attached to the Penitentiary, I have the honor by desire of the Director General to observe, that the rooms appear very small; he would recommend the centre room to be not less than 22 x 16 and the bed rooms 16 x 14. It will be requisite that the basement be raised four feet from the level of the ground.

Referred to the Judicial Department for consideration, with reference to Extract Minutes of Consultation in that Department, dated 6th January 1858, No. 17.
