On the 21st January last, the Barrack Master forwarded to the Central Office, an original letter from the Commissioner of Police, wherein that Officer brought to notice, that the men of the mounted Police at the water gate tannah, on the north beach, were without a privy, and that the horses were picketted outside on very bad ground, and requested that the necessary conveniences might be erected as early as practicable. On the 9th February following, Colonel Boulderson again addressed the Barrack Master on the urgent necessity that existed for the early commencement of the work, and on the 28th Idem, the Civil Architect was instructed to prepare and submit to the Central Office, a plan and estimate for the privy and sheds for the accommodation of the horses of the mounted Police. This requisition has been complied with, and the estimate forwarded by Captain Hitchins, amounting to Rupees 924, is now submitted for the early sanction of Government, the rates allowed therein having been examined, and found to be moderate, but at the same time sufficient.

2. In conclusion, I beg to observe, that the Civil Architect states, that the work can be completed within three months.

Transferred to the Judicial Department.

(Signed) J. D. BOURDILLON,
Secretary to Government.

14th June 1859.

Referred for the examination of the Commissioner of Police.

Fort Saint George,
16th June 1859.

(Signed) T. PYCROFT,
Chief Secretary.

No. 2. From Colonel J. C. BOULDERSON, Commissioner of Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 4th August 1859, No. 103.

With reference to the Order of Government, dated 16th June 1859, Judicial Department, I have the honor to state that the accommodation provided by the Civil Architect, as shewn in plan therewith forwarded, appears to me well adapted for the object required, and that the only alteration that seems to me desirable is, that the stabling should be made to open north and south, so as to expose the side wall of the building to the public road, instead of the stabling for the horses; an alteration to which the Civil Architect does not object.

No. 3. ORDER THEREON, 6th August 1859, No. 1059.

Government sanction the erection of the privy and stabling, for the use of the mounted Police picket at the water gate tannah, at a cost of (924) nine hundred and twenty-four Rupees, according to the plan submitted by the Chief Engineer, but modified, as to position relative to the road in the manner suggested by Colonel Boulderson. Orders will be issued in the Public Works Department for the early execution of the work.

(Signed) T. PYCROFT,
Chief Secretary.
