No. 12. ORDER THEREON, 10th September 1859, No. 1223.

It is observed that arrangements are in progress for placing the Police of the four Northern Talúqs of Canara on a Constabulary footing. When this is done, the Detachment of the Regular Army will not be required at Jugglepett, but a party of the North Canara Police will be stationed there, and the post will be of some consequence in any disturbances on the frontier. The proposed tank will therefore be useful, and may be sanctioned.

Chief Secretary.

Introduction

Memo.

The Adjutant General, 14th February last, stated that the Brigadier Commanding Malabar & Canara recommended that if the Frontier Police be not fully armed & made an efficient force, a Detachment of Regular Troops should be stationed at Jugglefett — but that under any circumstances suitable Barracks, Magazine, &c. should be built, & that in erecting these buildings regard should be paid to their defensive character & command of water. In these suggestions the Commander-in-Chief concurred, & the subject was, therefore, submitted for the consideration of Govt.

Mily. Dept. No. 734. This letter was referred to the Judicial Department with advertence to previous

correspondence relative to the organization of a Frontier Armed Police for North Canara, a question at that time under discussion, for the purpose, it was stated, of ascertaining, before passing orders for permanent & defensible buildings at Ingglebett, whether any & what arrangements were proposed regarding the Frontier Armed Police.

After some intermediate correspondence with the Magistrate of Canara & the Chief Commissioner of Mofussil Police, orders were finally passed 27th May 1859 No. 1737, sanctioning arrangements for organizing a Frontier Armed Police for North Canara.

This order was communicated to the Mily. Deptt. by way of an answer

Orders No. 1737 - 27th May 1859

to the reference from the Mily. Deptt. under date the 23rd Febry. No. 734. & by it was, in that Deptt., communicated to the Commander-in-Chief.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letters.

From Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 14th May 1859, No. 488.

I have the honor to submit for the orders of Government, the accompanying plan and estimate, amounting to Rupees (362) three hundred and sixty-two, for constructing a tank at Jugglepett, in the district of Canara.

2. It is represented by the District Engineer that in consequence of the stream which now supplies the inhabitants of that village and troops with water, being very small, great difficulty is experienced in collecting a supply, the estimate now forwarded provides for enclosing and revetting an area large enough to allow of water being drawn by several persons, and of sufficient depth to allow of their vessels being filled at once, and as the subject has been strongly agitated by the civil authorities, as being one so closely connected with the health and comfort of the troops at that station, I beg to recommend that sanction be accorded for the execution of the work at an early date.

From Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 13th June 1859, No. 1572.

With reference to your official memorandum, No. 113, dated 21st May last, I have the honor to report that Jugglepett is a small village in the Soopah talook, ten miles from the cusba station, and about 40 miles from Dharwar; that one company of a Native Regiment, viz. the 51st, is at present stationed there, no civil officer of higher rank than a Monigar is permanently at that place, but it will probably be the head quarters of the Superintendent of Police for North Canara when he is appointed.

ORDER THEREON, 20th August 1859, No. 2001.

Ordered to be communicated to the Military Department, in view to its being ascertained there whether Jugglepett is one of the posts at which troops of the line are to be permanently stationed.

Secretary to Government.

From C. Raikes Esqr Secy to Govt North Western Provinces

To The Secretary to Government of India Military Department

Sir

I am directed by the Lieutenant Governor to forward for the information of the Government of India a Memorandum by Vice Consul Mac-Gregor, on the Khyber Pass, which has been received from the Secretary to Government Public Works Department.

2. The Lieutenant Governor does not suppose that the Government of India will be disposed to undertake the construction of a road through the Khyber Pass, but he thinks that the Memorandum may be interesting to the Government of India, as showing the practicability of the Pass for Artillery, and the facility with which a road might be made.
