4. Although I fear it must be considered out of place here, I beg to urge on the consideration of Government, the great advantages that would arise from opening the Muntj Cumana route, not only as a direct communication with Doopaud and the Northern Coast, but as a means of checking the advance of predatory parties from His Highness the Nizam's country.

6. In the 3rd para. the Magistrate of Cuddapah states that "Cuddapah District is more mountainous than Kurnool which is a more of an open plain, &c.," but it must be observed that the Nulla Mulla Hills covered with dense jungle extend over an area of upwards of 1,400 square miles and that there are other extensive ranges of hills in Kurnool, and that moreover Kurnool is a frontier District with a frontier line difficult to watch owing to the heavy jungles and dangerous fevers which prevail along a large portion of its length.

§ See enclosed copy of Mr. Murray's letter, No. 584, dated 28th July 1858.

8. With these remarks, I beg to leave the case in the hands of Government and await their decision and orders on the subject.

SIR,

With reference to your letter of the 20th Instant, No. 12, I have the honor to inform you that I am at present unable to spare 15 Sowars of the 50 Sowars allowed to this District, portions have been detached in various Talooks, where their presence is absolutely necessary to
