		<u>Mis.</u>
56-57		
Dated	14-2-19	1859

Not to be folded or roughly handled

Fort St. George, Judicial Consultation, 25th February 1859.

No. 56. Read the following Extract Minutes Consultation in the Public Works Department, dated 7th February 1859, No. 321.

Referring for consideration copy of a letter from the Chief Engineer, submitting and recommending for sanction a Plan and Estimate, amounting to Rupees 2,240, or, under circumstances stated, to Rupees 2,610, for constructing Stables for 14 Ponies in the European Lines at Malliappooram, in lieu of those erected in the Police Corps Cantonment, in the District of Malabar.

(Vide Public Works Consultation, 8th February 1859, Nos. 47 and 48.)

No. 57. ORDER THEREON, No. 247; dated 14th February 1859.

The Government sanction the Estimate, amounting to Rupees two thousand six hundred and ten (2,610,) submitted by the Chief Engineer, for constructing Stables for 14 Ponies in the European Lines at Malliappooram, and direct the immediate execution of the work according to the Plan furnished. As regards the proposal for diminishing the above cost by using the materials of the stabling in the Police Lines, valued at Rupees 370, the Government desire that the District Engineer will ascertain from the Collector whether the building referred to will be required for any other purpose, and act accordingly.

(Signed) T. PYCROFT,
Chief Secretary.

PUBLIC WORKS DEPARTMENT.
Judicial.

No. 321.

Extract from the Minutes of Consultation under date the 7th February 1859.

Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOUR-
DILLON, Esq., Secretary to Government, dated 29th January 1859, No. 7474.

SIR,

Referring to Extract from Minutes of Consultation No. 1859, dated 10th September 1858, I have the honor to forward for submission to Government, a Plan and Estimate amounting to Rupees (2,240) two thousand, two hundred and forty, for constructing Stables for 14 Ponies in the European Lines at Malliaporam, in lieu of those erected in the Police Corps Cantonment, in the District of Malabar.

2 Copies of letters from the District Engineer Malabar No. 246 dated 19th November 1858, and No. 14 dated 19th January 1859.
1 Plan.
1 Abstract Estimate.

2. From para. 2 of the accompanying copy of letter* from the District Engineer of Malabar you will perceive that the value of the material belonging to the present building is deducted from the estimate for the proposed Stables; should it however be deemed expedient to retain the Stables in the Police lines for any other purpose, then the amount (Rupees 370) will have to be added to the accompanying estimate, which will raise the total amount to Rupees 2,610.

3. The plan appears to me to be well adapted for the purpose intended; provision is also made in the estimate for a Harness and Store room.

4. The estimate has been examined and corrected in this Office; the rates therein given are those current in the locality; and I beg to recommend that Government will be pleased to sanction the amount for immediate execution, should they consider it of sufficient importance to carry out the work on emergency.

5. I beg to add that the estimate was not received in proper time for entry in the Budget of 1859-60.

6. It will be perceived from the accompanying copy of letter* from the District Engineer of Malabar that no other buildings than the Pony Stables will be "required in the European Cantonment at Malliaporam consequent on the transfer of the Mountain Train Equipment &c., from the Police Corps lines to that Cantonment.

Letter from Lieutenant J. BEAN, District Engineer Malabar; to Lieutenant Colonel E. LAWFORD, Officiating Chief Engineer, dated Calicut, 19th November 1858, No. 246.

SIR,

Agreeably to the instructions contained in your Extract of Proceedings No. 3645, dated 15th September last, and orders of Government in Extract Minutes of Consultation No. 1859, dated 10th Idem, Public Works Department, I have the honor to enclose Plan and Estimates for constructing Pony Stables in the European Lines, at Malliaporam in lieu of those erected last year in the Police Corps Cantonment.

2. I have allowed for the value of the material in the present Building when calculating the cost of the new Stables, but it may be found desirable to preserve these Stables in the Police Lines for any purposes required by the Corps. The estimate allows for a Harness and Store Room.

3. On the 12th October 1858, in Extract of Minutes of Consultation No. 2134 Government sanctioned the erection of a new shed to contain the guns for which these Ponies are required, and materials are being collected to enable me to prosecute the work.

Letter from Lieutenant J. BEAN, District Engineer Malabar; to Colonel C. E. FABER, Chief Engineer, dated Calicut, 19th January 1859, No. 14.

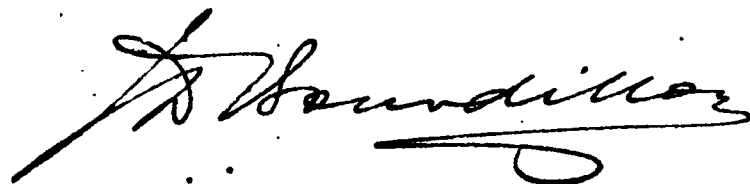

SIR,

In reply to your Extract of Proceedings of the 13th Instant No. 7000, I have the honor to inform you that the Pony Stables will complete the list of Buildings required in the European Cantonment at Malliapoora consequent on the transfer of the Mountain Train Equipment &c., from the Police Corps Lines to that Cantonment.

2. There is already a Powder Magazine in the vicinity of the European Barracks, and the Gun shed and Equipment Rooms are being erected. The Pony Ghaut which was made leading to the River in the Police Lines may still be used for the same purpose, though at a further distance from the Stables.

Ordered to be referred to the Judicial Department for consideration with reference to Extract Minutes of Consultation in that Department, dated 24th August 1858, No. 1164.

(A true Copy.)

Secretary to Government.

To the Judicial Department, with Plan and Estimate.

Exd. Geo. Fonseca.
