Read the following letters.

No. 11. From R. D. PARKER, Esq., on Special Duty ; to T. PYCROFT, Esq., Chief Secretary to Government, dated 26th January 1859, No. 4.

SIR,

Para. 1. With reference to Extract Minutes Consultation of Government, under date the 4th Instant, I have the honor to submit my report on the question which I am thereby commissioned to decide, viz., "What should be the establishment retained for

Para. 15. Revenue, and what that devoted wholly to the Police," in the three districts of Chingleput, North Arcot and South Arcot.

2. I have communicated with the Collectors of Chingleput and North Arcot at their Cutcherries. Cuddalore I have not visited, as to do so would have inconveniently delayed this report, but Mr. Ratliff who came to Madras at the desire of the Right Honorable the Governor remained a few days to confer with me, and has since stated his sentiments on some points, on which he was in doubt, by letter.

3. I enclose a Talookwar Statistical table of the 3 Districts ; and I request that this, and the printed book of Civil Establishments from 1857 to 1858, prepared by the Civil Auditor, may be referred to in perusing the recommendations I proceed to make.

*Chingleput District.*

4. In this district there is no establishment under the district "Head" of "Police."

5. The Hoozoor establishment is larger both in numbers and salary. My Commission, as I understand it, does not extend to the reduction of salary. I would propose that of 16 Goomastahs, 3 on 21 Rupees each ; and of 10 Moonshees, one on 28 Rupees and one on 14 Rupees a month shall be reduced, together with a water-pandal Bramin on 7 Rupees a mensem who I ascertained, is employed merely as an Assistant Goomastah. There is no Sub-Collector and usually only one Assistant in the district. This arrangement will leave 5 Moonshees to the Collector and 3 to the Assistant, which is, I think, as many as they can really employ.

6. The Collector and Magistrate being relieved from all responsibility for the peace and protection of the district, and of the necessity of furnishing guards, requires peons at the Hoozoor only as office messengers, and guardians of his records in the Cutcherry and when travelling. For these purposes, it seems to me, that, ordinarily, it will be enough to allow the Collector, a Duffadar and 20 Peons for himself and 6 peons for his Head Assistant.

As however the records of the Collector of Chingleput are scattered and another Assistant may be added, I propose to retain the peons noted in the margin.

7. The Salt establishments of all districts, I leave untouched; as the revenue from this source is increasing, and the system under which it is levied is undergoing change.

Note—The arrangement sanctioned by E. M. C. of Government, No. 552, under date the 30th April 1858, has not been carried out.

8. The Abkarry establishment is quite superfluous, but I understand from the Collector that he intends to appropriate the pay of this to his Press. I do not therefore meddle with it. I also abstain from touching the other departments of the Hoozoor, as they may be subject to reduction either for the sake of the Press or the new arrangements, recently introduced in the Department of Account.

9. The number of talooks is now 10. It is proposed by the Collector and Mr. Robinson to reduce them to 8 by amalgamating Terooparoo and Chingleput and Poonamallee with Sydapett, dispensing altogether with the establishments of Terooparoo and Poonamallee, except as regards Zilladars and peons. I quite concur in this arrangement. The enlarged talooks will still be moderate in size and revenue; and as the establishments of all the talooks, large and small, are the same as regards Goomastahs and Royasums, those of 2 talooks can be dispensed with.

10. The number of Accountants, to each talook (Sheristadars, Goomastahs and Sumpretees) is 5 which does not appear to me excessive.

11. The establishment of Moonshees is one or two Javabnevees, and 2 Royasums to each talook. The Collector is willing to give up one of the Royasums in consideration of the separation of the Police, and this seems sufficient.

| 1 Jemadar at 14 Rs. .. | 14         |

| 24 Peons at 54 " ..    | 106        |

Fort St. George, Judicial Consultation, 1st April 1859.

12. The Peshcar at Conjevaram is not required. In page 226 of the Civil Auditor's list will be found a Salt establishment at Vulloor, which set of pons has been transferred to the Collector of Madras, while the establishment was added to the revenue establishment, Poddapallam talook. This was of course improper and the servants at per margin can now be dispensed with.

13. There are Zillahdars 91 on salaries of 8 Rupees per month each. The extra assigned for so very great a number is, that the collection of the revenue is in a great measure in their hands, the heads of villages with whom this duty of levying rent is practically unaccompanied, owing to the Grama Mamun having been usurped by the whole body of the Meersoodars of the village. This is not a satisfactory state of things, and a sufficient reason it appears to me for maintaining a crowd of ill-paid servants. Looking to the size of the talooks, and labouring to the Zillahdars being freed from all Police duty, I think that 3 per talook or 24 altogether will be enough, but their pay should be raised to 15 Rupees a month on the average. The saving under this arrangement will be as per margin.

14. I propose to allow each talook 1 Peshcar and 12 Peons, and 4 additional peons will be required for a special purpose. The total charges will be as per margin.

15. If the reductions recommended above be carried out, the saving will be as shown in statement No. 2, enclosed in this letter.

Honour Establishment.  
North Arcot.  
16. The number of Revenue Peons & Goomastahs in the district is large, but as various enquiries into system are now on foot, I do not propose to reduce them. The establishment of Moonshees and their Assistants is shown in the margin. It will be sufficient hereafter, it appears to me to allow to the Collector and Magistrate 6; to the Sub-Collector and Joint Magistrate 4; to the Head Assistant 3, and to the Assistant 2, making all together 15. The servants to be dispensed with of those named above are 2 Magistrate Goomastahs on salaries of Rupees 12 Annas 8, and Rupees 9 Annas 8 respectively.

17. I do not propose to subject any other department of the Honour to reduction, except the item of Revenue peons, which I will consider with the Peon Establishment of the district generally.

18. Looking to the Magisterial and Police establishments of this district. (1858 3,121-8 183 of the Civil Auditor's list) its total will be as shown in the margin. From this must be deducted the salaries of the Honour servants, already considered and which are noted in the margin, which amount to 1524 3,274-4

19. These several heads of Police and Police Ameens will be required as Sitting Magistrates. Their designations might be changed to that of Native Magistrates as they will no longer have any Police duties to perform. Such of them as are stationed within Revenue talooks, might perhaps perform in addition some revenue duties. Experience will shew whether they have leisure for this, and in such case, it will be for the Tahsildars to assist them with such revenue servants as he can spare. Their primary duty will be Magisterial.

After deducting the salaries of the servants enumerated above, the saving in the item headed "Police" will be Rupees 2,652 Annas 12.

20. In the Revenue Department, the chief saving proposed was by the reduction of the number of talooks from 13 to 10 to be effected by the union of.

Sholunghur with Caverypauk,  
Satghur „ Trivellum,  
Wandewash „ Trivuttoo,

the names last mentioned being the designation of the new talooks. Looking above to the area, the amalgamation would seem undesirable; but the revenue of the enlarged talook would not be excessive. As a saving therefore must be made, I think that the arrangement may be adopted, if a Deputy Tahsildar, with the Magisterial power to be given to a Tahsildar and a Ryasagar to assist him, to be sanctioned at Sholunghur, Satghur and Wandewash. I propose that two of the Goomastahs of each of the abolished talooks be reserved for addition to the establishment of the talook in which it merges: I propose also to allow the enlarged talooks a large number of peons than the others, in order that a due proportion may be allotted to the Deputy Tahsildars.

21. I propose further the following reductions in the upper grade of servants.

|                                |                    | Rs. | As. | P. |

Total per mensem 273 8 0

The above is exclusive of Turfdars and Peons.

22. There are only 25 Turfdars in the whole of the district, and half of these are claimed by the Chief Commissioner. So far from diminishing the number, however, I am of opinion, that in consideration of the surrender of the Peshcars noted above, it should be increased to 30, giving 3 to each talook, and that the pay should be increased from 9 to 15 Rupees.

23. It remains to consider the establishment of Peons.

| Total, 4 Duffalars                                | 4 | 40 |

24. A few have already been granted to certain H. of Police, and the charge deducted from the salary of the H. of Police.

25. I propose to allow the Collector and the Sub Collector the establishments of peons noted in the margin.

26. Including Venkataswamy's talook where I would recommend that the Peshcar on the Talook establishment should be 15 Rupees a month, and on the other talook 12 Rupees a month, with the power of a Native Magistrate, as well as revenue functions, there will be 10 Talukdars, 4 Deputy Talukdars, and 12 Peons. This will make the number 10 Duffalars, 25 Peons from the revenue establishment.

South Arcot.

27. The establishment of the District Police is shown in the Civil Auditor's Book, page 3725. I consider it necessary to retain the servants noted in the margin, and I would disburse with the pay. The saving will be 3,200 per mensem.

28. In the revenue establishment the number of Goomastahs and Sumpters in the Collector's Office, 1 Goomastah and 1 Sumpter is shown in the margin. By the separation of the Magistrate Department and the simplification of the revenue accounts, the work of this department must have been considerably lightened and the Acting Collector himself consents to surrender.

Total 63 per mensem.

I approve of this and do not propose any further reduction in the Huzoor establishment except as regards the peons, the numbers of whom will be considered when treating of the peon establishment of the district generally.

29. With a view to a saving in the talook revenue establishment, it was proposed to reduce the number of talooks from 13 to 10 by the union of Chellambaram with Trivady.

Fort St. George, Judicial Consultation, 1st April 1859.

| Tirookalur..... | Vellapooram.   |
|                 | Kullacoorchy.  |
|                 | Tiroonamalay.  |
|                 | Elleevanasoor. |

and to dispense with the whole of the establishment of 3 talooks with a reservation of 10 per cent. Originally Ellavanasoor was selected to be absorbed; but the Acting Collector Mr. Ratliff, after consultation with his experienced Sheristadar, states a decided preference of Tirookalur.

30. The enlarged talooks will not, with the exception of Teroonamalay (a poor talook as regards revenue) be very extensive, but the revenue of Chellambaram will be raised to nearly 4 lacs. This, however, as the area is moderate, I do not consider an objection; and, on the whole, I think the arrangement a good one in reference to the object in view. The establishments of the talooks, irrespective of Karkoons, Turfdars and Peons, cost as follows:—

|                 |       |
|-----------------|-------|
| Manargoody..... | 284   |
| Triculloor..... | 224   |
| Cuddalore.....  | 173 2 |
|                 | 681 2 |

31. The number of Goomastahs in Trivady and Chellambaram at present, and their revenue, area, &c., as they will be after the amalgamation, are as follows:—

|                  | Area. | No. of Villages. | Revenue. | Gomastahs. | Shroff. |
|------------------|-------|------------------|----------|------------|---------|
| Trivady.....     | 308   | 176              | 2,49,081 | 4          | 1       |
| Chellambaram.... | 268   | 399              | 4,06,621 | 5          | 2       |

32. The proposition to retain 10 per cent. is too vague for adoption in a definite arrangement. I would recommend instead, that 2 Goomastahs, on 10-8 Rupees a month each, may be added to the present establishment of each of the two talooks named above. No increase of Shroffs seems requisite. The saving will then be 609-2 per mensem, as I do not propose any addition to the establishments of the 4 talooks to receive portions of Triculloor.

33. In the talooks in general I would leave the establishment of Goomastahs and also of Royasums as at present. A slight saving might probably be effected in these items, but as cultivation is increasing in South Arcot, I think it dangerous to pare the establishment very close.

34. According to the Civil Auditor's list, there are in the district 50 Karkoons on 10 Rupees a month each, 15 Turfdars on 5 Rupees a month each, and the following Peshcars.

|                   | No. | Salary | Rs. |
|-------------------|-----|--------|-----|
| Vellapooram.....  | 1   |        | 21  |
| Manargoody.....   | 1   |        | 35  |
| Trinomally.....   | 1   |        | 40  |
| Do. ....          | 1   |        | 21  |
| Chellambaram..... | 1   |        | 35  |

35. The monthly charge for salary in the 3 items is 727 Rupees as shewn in the margin.

36. It has been proposed to give up 3 Peshcars, and of the Korcoons, Mr. Robinson claims 25 and Mr. Ratliff would surrender 21.

37. The name of Peshcar I would abolish, substituting that of Deputy Tahsildar. Of this class, I think there should be 3 for the talooks of Trinomally and the enlarged talooks of Chellambaram and Trivady. Two Peshcars on 21 Rupees a month each will be discontinued. The class of Turfdars I would abolish entirely, and raise the pay of the Karkoons by whatever names they may be called, to 15 Rupees a mensem. There number should I think be 35. This is more than the Acting Collector demand; but I think that he under-rates the need of these officers. The ordinary talooks will require on an average 3; and Chellambaram, when enlarged, will require at least 6, and Trivady 4. One of the other large talooks also will need an extra Karkoon.

Fort St. George, Judicial Consultation, 1st April 1859.

|                                   |               |                                                      |

| No. Karpoons—increase of pay..... | 35 x 3 = 105  | items with safety.                                   |

39. The establishment of Peons remains to be considered. In North Arcot I allowed the Collector and his Subordinates 2 Duffadars on 12½ Rupees a month each and 10 Peons of various grades. Here I observe, the Duffadars receive only 10½ Rupees a month each, and there is a Jemadar on 17-8. The latter, as he exists, I would continue for the Collector, with a Duffadar on 10½ for the Sub Collector; and the number of Deloyets and Peons, I would assimilate to that fixed for North Arcot. The complement will then be as stated in the margin.

40. As in North Arcot I would allot to each Tahsildar 1 Duffadar and 24 Peons and to each Deputy Tahsildar 12 Peons. This would make the complement of Peons for the talook as follows:—

| Duffadars.         | Peons. |
|--------------------|--------|
| 10 Tahsildars..... | 10 240 |
| 3 Depy. do.....    | 0 36   |
| Total.....         | 10 276 |

I cannot refrain, in conclusion, from pointing out the great inequality in the strength and salaries of various departments of the Cutberries of the different districts, without any reference to the amount of work which may be supposed to be done. I subjoin a few instances.

|                                            | Chingleput. | N. Arcot. | S. Arcot. | Madras. |
|--------------------------------------------|-------------|-----------|-----------|---------|
| Head Goomastah.....                        | 20          | 15        | 35        | 40      |
| Deputy Accountant, English Department..... | 70          | 19-8      | 70        | 318-8   |
| Total English Department.....              | 5-4         | 181       | 5-7       | 70      |
| Record Department.....                     | 137         | 185       | 125       |         |

I can conceive no reason for the difference, and am convinced that it proceeds from establishments and their salaries having been fixed haphazard, without any attention to principle.

No. 12. From R. D. PARKER, Esq., on Special Duty; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 31st January 1859, No. 5.

Sir,

With reference to my letter of the 26th Instant, I have the honor to state that inadvertently I omitted to propose that the salaries of the Tasildars of the augmented Talooks, Chingleput and Sydapet, should be increased to 100 Rupees per mensem each. The expense of this arrangement would be as follows:—

|                 | Present salary per mensem. | Proposed | Increase per mensem. | Increase per annum. |
|-----------------|----------------------------|----------|----------------------|---------------------|
| Chingleput..... | 70                         | 100      | 30                   | 360                 |
| Sydapet.....    | 85                         | 100      | 15                   | 180                 |

If the suggestion be sanctioned, the saving in Chingleput, instead of being Rupees 44,190 per annum, will be 43,650 per annum.

No. 13. From R. D. PARKER, Esq., Acting Member of the Board of Revenue to T. PYCROFT  
Esq., Chief Secretary to Government, Fort St. George, dated 7th February 1833.

Sir,

I regret to have to correct some errors in my letter of 11-29-54. In my list

as an old Dutch Settlement, and still the residence of a few families of Dutch extraction. It renders it desirable, I think, that it should not be the residence of a Police Magistrate. It may be deemed undesirable too, to reduce the salary of the present incumbent. I would propose therefore to continue the Police Amoen and Grootstadt for the present at their existing salaries, subject, however, to reduction to Rupees 25 and Rupees 19 respectively on the next vacancy. The 4 Police mentioned in my letter of the 17th January are allowed for a special purpose were intended for this Amoen.

16. I enclose a fresh statement to be substituted for statement No. 2, with an abstract appended.

17. It had escaped my notice that the Minutes of Consultation, appears to direct me to state my opinion as to the portion of the Village Establishment as well as that of the Talook shall be transferred to the Police. I have however considered the question in communication with Mr. Robinson, and we agreed that it would be unsafe to separate any portion from the Revenue Department except the Taliars and Cavilgars. In some cases these servants aid in Revenue duties, and when they are assigned exclusively to the Police, the Monegars and Curnums may be at a loss for servants to measure crops and perform the duties of a Village Peon, as all Villages are not provided with Toties and Vetties. Without a lengthened enquiry however it is impossible to ascertain this, as there are no detailed statements of Village Inams in the Board's Office or, it is believed, in the Collector's Cutcherries; and as the Taliars and Cavilgars are undoubtedly Police servants, I would recommend that they may be at once transferred to the Chief Commissioner, leaving it to the Collector's to bring to the notice of the Board of Revenue the case of any Villages which require to have Revenue Village Peons provided for them. In anticipation of the change, an order for the requisite information was sent to the 3 Districts by the Board of Revenue more than a month ago.

I can conceive no reason for the difference  
and am convinced that it proceeds from establishments  
and their salaries being fixed by the Legislature without  
any relation to principles
