Fort St. George, Judicial Consultation, 5th April 1859.

N. 20. Read the following letter from A. HATHAWAY, Esq., Acting Magistrate of Salem, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 28th March 1859, No. 150.

Sir,

With reference to an Extract from the Minutes Consultation (Judicial Department) under date the 22nd Instant, No. 361, I have the honor to observe, that the Police Force of this District, is at present so defective, both numerically and physically, that I cannot spare, from my duties, any Pooms for the special purpose of attending Lieutenant Tennant.

1. In these proceedings, the Officer is directed to follow up gang robbers, and make enquiries into the circumstances attendant on the late robberies; but he possesses no power to record depositions or issue summonses.

2. It is not either known whether he is acquainted with the vernacular of the District.

3. It appears to me, that unless the Officer sent be conversant with Tamil, and be invested with the powers of a Joint Magistrate, and further that a special force of Pooms be allotted to him, but little good can be expected to result from his presence.

4. One cause of the numerous gang robberies that occur in this District, is, the presence of large bodies of Caravans, whom, with the present defective Police Force, it is not easy to keep under proper surveillance, and in accounting for the great increase of heinous crimes in the last year, the present scarcity must be taken into consideration.

Ordered thereon, No. 456, dated 5th April 1859.

N. 21.

The Government cannot admit the force of the objections taken by the Acting Magistrate of Salem in the above letter, to the employment of Lieutenant Tennant as ordered in Extract Minutes Consultation 22nd Instant.

1. The reasons on which that Officer has been deputed, are that of enabling the Magistrate to cope with the frightful state of crime prevalent in his District—of the greatest importance, and the means must be supplied to Lieutenant Tennant, even though it may in some degree interfere with routine duties.

2. The objection raised by Mr. Hathaway in the 2nd para. of his letter has been anticipated by Government in the concluding part of the Extract Minutes Consultation 22nd March. Lieutenant Tennant will act as the magistrate in question through the Native Police Officer who must be attached to him, or through the Native Police Officers of the Talook in which he may be.

3. Lieutenant Tennant understands Hindustani, if not Tamil, and will communicate with the people of the District through the servants placed under his orders. The Government are not prepared to allot him a special force of Pooms. It will be for the Magistrate to assign him a sufficient body by drafts from the different Talooks and from his own Honour set. It will be less the duty of the Magistrate to inform Lieutenant Tennant of any causes that have led to the late prevalence of gang robberies, such as the presence of large bodies of Caravans, in view to their being put under due surveillance.

4. Lastly, the Government desire Mr. Hathaway to understand, that he is not to make difficulties but to remove them, and that they look to him to exert himself, actively and vigorously, with the aid now afforded him to abate the scandalous state of crime that disgraces his District.

(Signed) T. PYCROFT,

Chief Secretary.
