Port St. George, Judicial Consultation, 20th April 1859.

No. 72. Read the following letter from H. FORBES, Esq., Member of the Legislative Council, to T. F. CHITT, Esq., Chief Secretary to Government, Fort St. George, dated Fort William, the 11th April 1869.

I have the honor to enclose a copy of a Bill brought in by the Minister of Finance to amend the Act of 1906 entitled as regards the levying of license and prices of public entry.

On the second reading of the bill the Member for Dundee expressed a wish that provision should be made for expunging the name of a person from a petition for public law and for obliterating the name of a person from a petition submitted to a court requiring them.

It is true to say that the United States and Britain had the interests of peace and democracy at heart, but it is also true to say that they were not prepared to take the necessary steps to achieve these ends. They were not prepared to take the necessary steps to achieve these ends, and they were not prepared to take the necessary steps to achieve these ends.

Mr. Tolson at his residence said that the only case reported from a Marine, but of this I am not sure.

I am a Member of the General Commission on the H. C. and shall be guided in the matter I have referred to by the wishes which the Government may express.

(Private Communication No. 346, dated Feb. April 1950)

Resolved that copy of the plans, notes and of the H. and associates in which it
 have been forwarded to the Commissioner of H. and of the Secretary of the Commission
 of the Law Officers of Government, be reported upon by the present committee of the
 H. and of the Secretary of the Commission, as well as to the said further amendments, and be re-
 ported at the next meeting, so that the present opportunity may be taken advantage of for their
 completion.

2. Demand of that that copies of those papers be furnished to the Chamber of Commerce and to the French Consulate for the Town of Marseilles and that that it is necessary to request to French Government of the third opinion on the present case documents of Act No. 11, which would say to have also some work should be considered.

(Signed) T. P. CROFT,
Chief Secretary.
