parts of Madras as Police tannah stations, present number and situation of which is given in margin, were regularly repaired every year by the Chief Officer of Police, and the cost thereof was regularly included in the Contingent Bill, supported by the usual Vouchers and it was passed for payment. Before the last monsoon, according to usual custom, the repairs which these huts required was made, and the cost was included in my Contingent Bill, for the month of February of this year, but the Civil Auditor has refused to pass it without the sanction of Government, I have the honor

therefore to forward to you the account* in question, and to request you will favor me by laying it before Government for that purpose, and I further beg you to solicit instructions for future guidance, as it is necessary these tannahs should be kept water-tight, and in a decent state of repair, so long as they are occupied as Police stations.

2. I have further to request, you will submit for sanction, the Bills marked Nos. 1, 2, 3, being house rent paid by me for a house used as a Jemadar's tannah in Chintadrepettah, during the time the regular station was given up to the Engineer Department for repair.

3. These Bills you will observe, are supported by a Certificate, furnished by the Civil Architect.

No. 64.

ORDER THEREON, 9th May 1859, No. 643.

With the above letter, the Commissioner of Police submits 3 Bills for house rent and an account for petty repairs to tannah stations executed by him, and solicits the sanction of Government for their disbursement to him.

2. The charge of house rent was incurred under the circumstances set forth in the Certificate granted by the Civil Architect and attached to the Bills. From the 5th January last to the 1st March, the tannah station house at Chintadrepettah was under repair, and during that period another building was occupied at a rent of ten (10) Rupees per month. This charge is accordingly sanctioned for the time and at the rate specified.

3. In respect to the account for repairs, amounting to Rupees 214-11-4, the Commissioner states that the Civil Auditor refused to admit the charge, although similar charges, annually incurred, were "for a long course of years" passed as items of the usual Police Contingent Bills. Colonel Boulderson explains that several tannah station houses, are merely "mud built, grass or leaf covered sheds" and that to maintain them water-tight and in a decent state, they are regularly repaired every year by the Chief Officer of Police. In accordance with this custom, the repairs for the huts were executed, and the account, objected to by the Civil Auditor, is a detail of the expenses so incurred before the last monsoon.

*Specified at a pench of Ten 10 Ru.
pees.*

Proceedings of the Madras Government, Judicial Department,
from 4th to 10th May 1859.

4. The Civil Auditor will pass these charges Rupees 214-11-4, and will admit similar charges for the future, when the amount does not exceed Rupees (300) three hundred Rupees per annum. When it is in excess of that sum, he will submit the Bill to Government, for their orders.

Chief Secretary.
