*Proceedings of the Madras Government, Judicial Department,
from 2nd to 8th July 1859.*

No. 33. Read the following letter from W. ROBINSON, Esq., Chief Commissioner of Mofussil Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort St. George, dated 4th July 1859.

I have the honor to forward Extracts from letters by Lieutenant Drever and the Joint Magistrate of Canara on the subject of medical aid.

Lieutenant Drever reports that fever and cholera are exceedingly prevalent. That he has been obliged to send the Warree Locals to Juggulpet for aid and that he fears that all his levies will leave should cholera break out unless aid being available.

The Joint Magistrate reports that he is unable to assist him and that sickness is every where rife.

I have the honor to request that if possible a Dresser may be temporarily attached to Lieutenant Drever.

P. S.—The remaining portion of both letters refers to matters already disposed of by Government.

No. 34. ORDER THEREON, 5th July 1859, No. 922.

Ordered to be referred to the Director General, Medical Department, with a request that a Dresser may if possible be attached temporarily to Lieutenant Drever, Superintendent of Police, now in North Canara.

(Signed) T. PYCROFT,
Chief Secretary.

Extract from a letter from Lieutenant
W. S. Dwyer dated Mullial 17th June 1859
to the Joint Magistrate of Canara.

Para 2. I regret to state that the
Warree Detachment has lost another man from
Fever at Juggelbith whither I have now
posted them all, in order to obtain for them
the services of an Apothecary.

3. Out of the Detachment now in
Canara there are but five men "fit for duty"
and such is the sickness prevailing this sea-
son, that no single Officer has a full relief
of men "for duty." Every one is prostrated
with Fever.

4. I have now 130 men here, and
though Fever has been very prevalent among
them we have with one exception escaped
from Cholera; as that disease is however
still raging in the neighbourhood I cannot
expect that some of my men may not
suffer and as they are fully aware that I
have neither Medical skill nor medicines
at hand, I feel morally convinced they will

will all disappear once the disease shows
itself in a virulent form and I would
therefore once more urge on you the necessity
of a Medical Subordinate being sent to my aid

Extracts from a letter from J. D. Robinson
Esqre. Joint Magistrate of Banara, dated Poree,
24th June 1859. to the Chief Commissioner of
Mofussil Police.

2. I regret that with sickness so
unusually prevalent, I am wholly unable to
provide Lieutenant Drewes with any medical
aid. The Dresser attached to my Office
was removed on the outbreak of the mutiny,
since which I have been obliged to take my
chance when absent from Head Quarters
where there is only an Apothecary with
more to do than he can well get through.

3. A Dresser from Calcutta was lately
appointed to this Office, but on the recommen-
dation of the Zillah Surgeon of that place
three months privilege leave was granted
to him of which there are yet some six
weeks

weeks or two months to run. -

I have suggested to Lieutenant
Drewes that he send in his sick to Jug-
glebett where there is an Apothecary in
Medical charge of the Detachment of the
51st Regiment & I. stationed there. -
