REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from C. PELLY, Esq., Member of the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, dated 27th March 1860, No. 233:—

I have the honor to submit for the Orders of Government, a letter* from the Collector of Tanjore, requesting with reference to the Orders of Government 10th February, No. 211, that he may be permitted to postpone making any alteration in his Táluqs, until the commencement of the ensuing Fasli year, though the new Police has been organized in two of his Táluqs. I see no objection to the Collectors proposal being acceded to; indeed, as yet the new Táluq and Húzur Establishments have not received the sanction of Government, and until that is the case, it would be almost impossible to carry out the new arrangement. It will not, however, I think, be necessary to await the reform in the Village Establishments, before giving effect to the new Táluq arrangements.

* *Dated 2nd March* 1860.

2. Mr. Cadell alludes to the Nát Karanams. I have already requested him to report on these in connection with the Village Establishments, when the propriety of dispensing with their services will be considered.

3. With respect to the Order of Government above quoted, (No. 211), I would beg to suggest that Collectors be instructed generally to report to the Board of Revenue, as the new Police is fully introduced into each portion of their Districts, which is to form one of the new Táluqs, and to state from what date they will be prepared to carry into effect the new arrangement, accompanying their report with a Statement of the financial result of the change, showing the old Establishment to be abolished and the new Establishment to be retained, to enable the Civil Auditor to admit the charge. Whether the Government would wish to sanction in each case the change, or whether the Collector should carry the measure out under Orders of the Board of Revenue; it will be for the Government to decide.

4. The Order referred to alludes only to the Táluq arrangements; but the Húzur new Establishments need not, I apprehend, await the introduction of the new Police into the Districts, but might be generally adopted whenever the Government please, though the Magistrate would require to retain the Police Peons.

ORDER THEREON, 18th April 1860, No. 588.

The Honorable the Governor in Council authorizes the Collector of Tanjore to defer the alteration of his Táluqs till the beginning of the next Revenue year, viz. the 1st July 1860.

2. It appears to Government that the Nát Karanams would be best dealt with in connection with the Táluq Establishment as it is believed they most commonly do work belonging to Táluq rather than to village servants, but the arrangement reported in paragraph 2 of this letter may stand.

3. The suggestion in paragraph 3 is approved and sanctioned. The Board should report to Government for approval the arrangement finally made in each *District* giving the financial results as proposed by Mr. Pelly.

4. Orders have already been passed on the subject of paragraph 4.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from C. PELLY, Esq., Member of the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, Fort Saint George, dated 8th June 1860, No. 318 :—

1. I have the honor to forward for the information of Government, a copy of a Circular* issued by me with the concurrence of the Collective Board to Collectors, directing them to introduce from the commencement of the next Fasli, the re-arrangement of Táluqs in the several Districts as sanctioned by Government. In reference to the views expressed by Government in paragraph 22 of their Proceedings, dated 11th April 1860, I have desired the Collectors not to interfere with the present Táluq Establishments until the new Police is introduced.

* *No. 317, dated 5th June* 1860.

2. It appeared to me that if the new territorial arrangement of Táluqs were introduced from time to time as the new Police was organized, it would cause much confusion and trouble in the preparation of accounts, because, as the organization would take place at various intervals during the Fasli, all the revenue balances of the new Táluqs would have to be adjusted, and new sets of accounts then opened. The accounts of a Fasli would then be partly for the old and partly for the new Táluq.

3. It is to avoid these inconveniences I have thought it advisable that the amalgamation of the Táluqs should be made in every District at the commencement of the ensuing Fasli ; and that all the accounts should be opened and kept for the new Táluqs from 1st July. This being done systematically at one period, it will be very easy to introduce the new scale of Establishment wherever the new Police is brought into operation. It will also be easier with the present Establishments to carry out the preliminary arrangements of the new Táluqs, than it would be with the new Establishments introduced at the same moment with the new Police when every thing would have to be changed at the same time. I hope this order will meet with the approval of Government.

ORDER THEREON, 19th June 1860, No. 1,014.

For the reasons stated by Mr. Pelly, the Government approve the orders reported in this letter.
