PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 26th July 1860, No. 3,052 :—

1. In reply to paragraph 3 of the Order of Government, dated the 14th instant, No. 1,508, I have the honor to state that the Estimate of Rupees (3,720) Three thousand, seven hundred and twenty, for the repair of the road between Kurnool and Cuddapah, near Chintagunta, cannot be provided for out of the repair allowance of the District, which has been reduced by 18 per cent. The District Engineer has frequently brought to notice the inadequacy of the funds at his disposal to meet the demands for road improvements, and it is with reference to his pressing wants in this respect that an additional assignment of funds for the Cuddapah District was proposed in the revision of the Budget, but the sum recommended on this account will hardly suffice for the works for which they are wanted. I, therefore, propose that the sum of Rupees 3,720, above referred to, should be sanctioned out of the fund set apart in the Budget, for isolated and unforeseen works.

Letter to Government, dated 19th July 1860, No. 2,793.

2. As regards the allusion in paragraph 2 of the Order of Government under reply, to the portion of the Estimate for Rupees 1,385, for repairing the road near the Cantonment of Cuddapah, to be performed with the aid of Convict labor, I beg to state that the Inspector of Prisons has intimated in his letter of the 31st May 1860, which was submitted to Government with my letter of the 30th June last, No. 2,202, that he does not think it necessary to charge for labor of Convicts employed for road making in a station, except in cases where the Government have sanctioned a specific sum for making the road. It is on the understanding that no charge is to be made for the portion of the above Estimate to be executed by Convict labor, that the District Engineer has undertaken to spend the remaining portion of the Estimate, viz., Rupees 302, from the maintenance allowance of Rupees 7,950 for the road from Bellary to Cuddapah.

ORDER THEREON, 13th August 1860, No. 1,711.

1. The Government sanction, for execution out of the funds allowed for unforeseen works, the Estimate of Rupees (3,720) Three thousand seven hundred and twenty referred to in paragraph 1 of this letter for reparing the road between Kurnool and Cuddapah, near Chintagunta.

2. Under the circumstances stated in paragraph 2 in respect to the other Estimate of Rupees (1,385) One thousand three hundred and eighty-five for the repair of the road near the Cantonment of Cuddapah, the Government approve the District Engineer's proposal for a portion of that Estimate, viz. Rupees 302, being spent from the maintenance allowance* of the Cuddapah and Bellary road, and for the remaining portion being executed by Convicts free of charge.

* Rupees 7,950.

(True Extract.)

Secretary to Government.

To the Chief Engineer.

" Military Department, with reference to the Order in this Department, 14th July 1860, No. 1,508.

" Judicial Department, for communication to the Inspector of Prisons.
