PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 4th August 1860, No. 3,411:—

1. I have the honor to report, for the information and Orders of Government, that on the 21st May last, No. 108, the Acting 1st Assistant District Engineer in charge of Madura, forwarded a letter* from Lieutenant Smalley, stating that there were certain materials, as per margin, prepared at the site of the Munsif's Court House at Dindigul, and inquiring whether there was any probability of the resumption of work at an early date, as in that case timber for the roofing, &c., would have to be procured. Captain Brine stated that the new building was urgently needed, adding that the "Government is paying "rent for a house as a temporary Court House."

* No. 15, dated 17th May 1860.

Chunam, 80 Cullums.
Bricks, 10,000.
Timber, 4 Beams.

2 Letters from Acting District Engineer, Madura, Nos. 108 and 385, dated 21st May and 20th July 1860, with 1 enclosure.

2. Under these circumstances, Captain Brine was asked whether he could provide funds for the construction of the building in question out of the general allotment for repairs for the District of Madura for the current year, recently reduced to Rupees 79,764. He was also requested to state when the materials were prepared, how much work was performed, and what amount spent on the new Court House.

No. 1,477, dated 11th June 1860.

3. In reply Captain Brine reported that, if authorized, the work could be completed out of the funds assigned for repairs; that the materials were prepared on the 12th February 1859; that 147¼ cubic yards of brick work were done; and that the total expenditure on the work was Rupees 546-12-11.

No. 385, dated 20th July 1860.

4. An Estimate of Rupees 1,500 for the Munsif's Court House at Dindigul was sanctioned in Extract from Minutes Consultation, No. 1,762, dated 16th September 1857, for entry in the Budget for 1858-9, which, however, was deferred under the operation of the Restrictive Orders of the 17th July of that month, No. 1,372. On an application† from the late Officiating Chief Engineer, Colonel Lawford, Government exempted‡ the work, and it was in course of construction; but under recent arrangements it was found necessary to omit the work in the Budget for 1860-1, for want of funds. As Captain Brine now states, that he is able to provide the necessary funds for the prosecution of the work from the amount allotted for repairs, and as Rupees 546-12-11, have already been expended thereon, I beg to recommend that the balance, viz., Rupees 953-3-1, required to complete the Court House at Dindigul, may be sanctioned at an early date, to be defrayed from the funds assigned for general repairs for the District of Madura, for the year 1860-1.

† No. 5,524, dated 18th Nov. 1858.

‡ Extract Minutes Consultation, No. 2,584, dated 2nd December 1858.

Vide Proceedings of Government, No. 381, dated 21st February 1860, paragraph 2, reviewing the Budget for 1860-1.

ORDER THEREON, 16th August 1860, No. 1,745.

On the Chief Engineer's recommendation, the Government authorize the application of Rupees (953-3-1) Nine hundred and fifty-three, Annas three and Pie one from the general repair fund of the Madura District for the current year, for the completion of the new Munsif's Court at Dindigul, which was begun early in 1859, but afterwards discontinued for want of funds.
