Proceedings of the Madras Government, Judicial Department, 22nd September 1860.

No. 164. Read the following letter from P. GRANT, Esq., Collector and Magistrate of Malabar, to T. PYCROFT, Esq., Chief Secretary to Government, Public Department, Fort Saint George, dated Calicut, 12th September 1860, No. 57.

The accompanying Memorial has been forwarded through Mr. Cullin, Joint Magistrate of Cochin, with the request of Memorialists that it may be transmitted to Government.

2. The prayer of Memorialists is the permanent retransfer to Cochin of the Apothecary, who since the departure of the Military Detachment from that station, has been ordered to Trichoor.

3. I myself am personally ignorant of the arrangements proposed by the Principal Inspector General, Medical Department, but however convenient to the inhabitants of Cochin the presence of an Apothecary might be, I cannot think that Government is called on to provide an Apothecary in addition to a Civil Surgeon, whose services must be equal to the requirements of the station, so far at least as Government is in any way bound to meet them.

No. 165. ORDER THEREON, 22nd September 1860, No 1,231.

The Collector will inform the Memorialists that the Government regret that they cannot authorize the retention of the Apothecary at Cochin.

(Signed) T. PYCROFT,
Chief Secretary.

To the Honorable H. T. Bernard
Governor in Council
Fort St. George

The Memorial of the undersigned
Inhabitants of Cochin in Council
Meeting assembled

Respectfully Sheweth,

That your Memorialists have hitherto derived much benefit from the Medical Attendance of the Government Officers there from a real regard to their Health and sincere attachment to the Honorable Company we should be happy to have those Gentlemen to attend us in future, and therefore humbly pray that your Honorable Board will be pleased to direct the Medical Officers there to attend us as usual.

That the large number of European and East Indian Inhabitants at this Place, chiefly Invalids and Cochin as the Station where the Invalids of the Establishment could most conveniently be employed, and the Service would be a great Hardship to the Government

That if the Invalids of the Establishment should be ordered to Tellicherry, the Expence attending such Removal, Pensions, Extraordinary Stations there, Your Memorialists respectfully submit, that they cannot

stationed at that place, will suffice for the
usual number of Patients for whom the aid
may be required, and the transfer of an Asylum
from to Section, will add very little to the advantages
already enjoyed by the Military force there, whilst
on the contrary it will be productive of the
most serious results to the Population now by
this deprivation of a resource been which they
can ill dispense.

That should also the Institution of a
Communal Asylum appear to the Section
in the form of an Objection, Your Memorialists
beg respectfully to observe, that a Moderate
sum of that Grade, will be of very sensible
use to the Guardians and Poor Indians
Communities of Lemoore Kings and Tulare Valleys
Tulare Lake Basin, Mariposa Valley
Mariposa Indians, Mariposa Valley
