The Government declared that the period of confinement in each case must depend upon circumstances, but to produce the due effect upon the parties themselves and on others, it may be necessary to prolong it in the worst cases, to the most distant date consistent with the intention of the Act. Notes of the characters given to them by the Joint Magistrate were made from his report, as also his opinion as to the term of imprisonment to be awarded to each, as a guide to Government. In the address issued in the name of Government, it was to be pointed out to the Moplah population that the period of detention for those, who were deported, would greatly depend on the future conduct of their countrymen in Malabar.
