MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:—

Memo. from the Adjutant General of the Army, Fort Saint George, 5th January 1860; No. 4.

In submitting the within letter from the Superintendent of Mofussil Police, the Commander-in-Chief has the honor to request that the sanction of Government may be accorded to the transfer of men of the Local European Forces to the Police, on the terms suggested by Mr. Robinson.

His Excellency has no objection to a limited number of men being withdrawn for Police duties: and proposes, should Government approve of the measure, that they be supplied indiscriminately from the Non-Commissioned Staff or from European Regiments according to circumstances. If the former are taken, their places will of course have to be supplied from European Corps.

From the Inspector General of Mofussil Police, Madras, 2nd January 1860, No. 12 to the Adjutant General of the Army, Fort Saint George.

I have the honor to request that you will obtain the permission of His Excellency the Commander-in-Chief for the transfer of some steady intelligent European Non-Commissioned Officers or Soldiers for employment in the Police.

2. They would be employed as Inspectors of Police, whose pay varies, according to the grades they may be in from 40 to 200 Rupees per mensem—each grade has a regulated rate of Horse allowance.

3. The terms on which the transfer would be permitted, should I think, be laid down—If the precedent of the Malabar Police Corps &c. be followed, men so employed will be transferred to the class of "Effective Supernumeraries" when all claim to Military pay, family allowances, compensation for rations &c. ceases.

4. I hope however that the other privileges attaching to their position in the Army would remain—That the time served with the Police be allowed to reckon for Pension; that they will be re-attested on expiry of the period for which they have enlisted, with the usual bounty; and if they be recommended to their Regiments, they may revert to the rank they were in when transferred.

5. I have requested my Superintendents to make enquiry amongst the Officers of European Corps, with a view to obtaining the services of fitting men, should His Excellency consent to the transfer—and I should be grateful for any aid or suggestion which you may kindly give me in the same regard.

With report of the Military Auditor General, dated 17th January 1860; C.

ORDER, No. 367, 25th January 1860.

The Governor in Council observes, that the transfer of European Non-Commissioned Officers and Soldiers for employment in the Mofussil Police cannot be sanctioned on the terms suggested by Mr. Robinson without causing considerable extra expense in the Military Department.

2. Further, it would clearly not be desirable to allow men employed in the Police Force to revert to their former position in the Army at any future period, either at their own will or on the recommendation of the Inspector General of Police.

3. Under paragraph 2, page 165 of the Pay Code, European Soldiers may retain any Civil employment, for a year, without purchasing their discharge. The Inspector General of Mofussil Police may thus obtain temporarily, at the discretion of His Excellency the Commander-in-Chief, the services of a limited number of Military men. The period specified, during which they may be on probation, will enable an opinion to be formed as to their fitness for employment in the Police, and they may at the end of that time, either be retained in the Police, purchasing their discharge, or returned to their Regiment.
