Proceedings of the Madras Government, Judicial Department,
6th February 1866.

No. 98. Read the following letter from the Registrar General of Assurances, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 1st February 1866, No. 28.

I have the honor, with reference to the accompanying correspondence, to recommend the abolition of the Non-official Deputy Register Offices of Mulky and Baindur, in the District of South Canara, and to submit a Draft Notification, for approval and publication in the Fort Saint George Gazette.

From the District Registrar of South Canara, to the Registrar General of Assurances, Madras; dated Mangalore, 10th January 1866, No. 86.

With reference to your Official Memorandum, dated 20th ultimo, No. 857, I have the honor

to state that the three Non-Official Deputy Registrars appointed for this District have performed their duties efficiently, and appear to have made themselves sufficiently conversant

with the Registration and Stamp Acts, and the Circular Orders received from time to time.

2. I may say, from experience, that they have hitherto borne a good character, and are generally well spoken of. The conduct of the Deputy Registrar of Vittal has, however, been impeached in one case only, which now forms the subject of an inquiry, and the circumstances connected with it having been fully laid before you, I do not think it necessary to enter into any further details regarding it here. I must, however, observe that if the above officer had maliciously refused registration of the instrument which has formed the subject of complaint against him, he has evidently rendered himself unworthy of the trust put in him, and of the choice made of him as one of the respectable inhabitants of the place.

3. The retention of the two offices at Mulky and Baindur seems questionable. The

work performed at each of them is comparatively small, and the realization of fees levied is so trifling as scarcely to meet the pay of an ordinary Clerk. I am, therefore, of opinion that these two offices may be done away with,

and the duties entrusted to the Tahsildars of the respective Taluqs, viz., Mulky to Mangalore, and Baindur to Cundapur. The work at Mangalore is comparatively heavier than at some of the other stations, but a little addition to

the present emoluments of this office will tend to make it much more strong and efficient than it is at present. At Cundapur, the work is low and the proposed addition of the Baindur division to that station will afford the Deputy Registrar of that place sufficient work without unnecessarily adding to it.

4. Mulky is only 18 miles to Mangalore, and Baindur bears a mile less than the same distance to Cundapur. It may, therefore, be considered that the parties will not be put to any great inconvenience by the proposed changes.

5. Vittal has proved to be an important office, and will likely be self-supporting as shown in the margin. It should be evidently maintained.

From the Collector of South Canara, to the Registrar General of Assurances, Madras; dated Mangalore, 16th January 1866, No. 7.

With reference to your letter of the 19th ultimo, No. 325, I have the honor to state that the number of registrations and the amount of fees collected at Mulky is so small that I do not consider it either necessary or desirable to maintain a separate office at that station.

*Proceedings of the Madras Government, Judicial Department,
6th February 1866.*

2. That office may, without any inconvenience whatsoever, be joined with that of Mangalore, the distance between the two places being no more than 18 miles.
3. The District Registrar, I may add, is likewise of the same opinion.
4. The petition which accompanied your letter under reply is herewith returned.

From the Collector of South Canara, to the Registrar General of Assurances, Madras; dated Mangalore, 25th January 1866, No. 17.

With reference to your letter of the 17th instant, No. 15, and its accompaniment, I have the honor to refer you to my letter of the 16th idem, in regard to the office of the Deputy Registrar at Mulky.

2. The office at Baindur may, I think, be likewise discontinued. The number of Instruments registered during the whole of the past year, and the amount of fees collected in it, are clearly inadequate to meet the expense of a Deputy Registrar and his establishment. The duties in this division may be well entrusted to the Tahsildar at Cundapur.

3. Vittal has shown itself to be an important station (see margin), and cannot, therefore, I conceive, be abolished without inconvenience to the public.

No. 99. ORDER THEREON, 6th February 1866, No. 190.

The Governor in Council sanctions the abolition of the Registry Offices referred to in the foregoing letter.

2. The Notification submitted by the Registrar General will be published in the Official Gazette.
