*Proceedings of the Madras Government, Judicial Department,
for the month of April 1860.*

No. 84. Read the following letter from J. ROHDE, Esq., Inspector General of Jails, to T. PYCROFT, Esq., Chief Secretary to the Government, Fort Saint George, dated 9th April 1860, No. 144.

In acknowledging Proceedings of the Madras Government, 30th March 1860, No. 387, in which the Chief Engineer and Collector of Coimbatore are directed to report on my proposition that Government should take over for *general* purposes the outlay incurred by me at the suggestion of the District Engineer in opening a brick field immediately for the building of the new Jail, but with the view of its being ultimately used by the District Engineer; I have the honor to notice that I did not propose to Government to take over the *brick field* which is already held in the name of the District Engineer for the time being, having been applied for by him with the understanding that I was to open it from the Prison's estimates, but was to be re-imbursed by him from the estimates for the Rest house and other works.

No. 85. ORDER THEREON, 19th April 1860, No. 463.
Communicated to the Chief Engineer and to the Collector of Coimbatore.

(Signed) T. PYCROFT,
Chief Secretary.

2.

No. 463 - 14 April 1860 -

Communicated to the
Chief Engineer & to the
Collector of Coimbatore.
