*Proceedings of the Madras Government, Judicial Department,
for the month of April 1860.*

No. 106. Read the following letter from J. ROHDE, Esq., Inspector General of Jails, to T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George, dated 29th March 1860, No. 134.

I have the honor to request that my Office establishment which has not hitherto been fixed, under the Orders of Government of the 26th April 1855, No. 322, may be recognized as a permanent footing. Some of my Clerks are apprehensive that their services will not be considered in their term of service for pension, as the establishment has not been designated a permanent one. I have no such anticipation, as the object of its being left unsettled was to enable me to make such arrangements as experience should prove most desirable.

2. In a very small establishment I could not with advantage be bound to make a permanent appropriation of the total sum to several Officers with advantage: youths join the Office and I could not hope to retain their services unless I had the power of increasing their pay according to their efficiency, as promotion in a very small Office is uncertain; indeed it is questionable whether I could obtain an efficient establishment except at a much larger cost, if I had not the power of making such a disposition of the total sum as the qualifications of individuals called for.

3. By paragraph 11 of your letter of the 26th April 1855, No. 322, I was directed to entertain such servants as I might require, you then remarked that 400 Rupees had been proposed in 1849, as the monthly cost of the establishment in the North West Provinces, but that application would be made to Calcutta and Agra to ascertain the present amount.

8. In paragraph 2 of Extract from the Minutes of Consultation, 30th June 1855, above quoted, I was directed to submit a statement of the Officers' salaries which I would propose, this I deferred doing as I saw that my existing establishment would be insufficient as the duties and
