Proceedings of the Madras Government, Judicial Department, for the month of May 1860.

No. 39. Read the following Minute by the Honorable the President, dated Gindi Park, 4th May 1860.

Since I have been living at Gindi, my attention has been directed to the health of the party of Convicts in the Jail at the "Little Mount," who are employed in maintaining the roads and works in the neighbourhood including some of those in Gindi Park which has now been thrown open to the public.

The floor of the Prison has lately been raised at the suggestion of the Inspector General of Prisons; but the change most required is to construct a Hospital ward on the flat roof; to add the present Hospital to the ordinary accommodation of the Prisoners; and to open windows through what is now the Hospital ward, which would admit the sea-breeze through the entire building. The rain water from the roof, which at present sinks into the ground under the foundations and makes the floor damp, should be led off in covered pipes into a drain.

I propose that the Chief Engineer be instructed to call upon the District Engineer for an estimate of the cost for these improvements.

(Signed) C. E. TREVELYAN.

No. 40. ORDER THEREON, 7th May 1860, No. 568.

The above Minute will be communicated to the Public Works Department in view to the Chief Engineer being called upon to furnish an estimate of the cost of the proposed improvements in the Gindi Jail.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. F. Cartledge.
