*Proceedings of the Madras Government, Judicial Department,
for the month of May 1860.*

No. 45. Read the following letter from Colonel J. C. BOULDERSON, Commissioner of Police, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 9th May 1860, No. 51.

1. I have the honor to submit a Roll, which contains the names of all the Extra Peons, formerly Sepoys in the service of the Nabob of the Carnatic, remaining after all those whom I consider fit for further service have been transferred to the two* branches
* *Marine Police* 11: of the established Force, and to request the Orders of Government in
Standing Force 8. respect to the disposal of these men, all of whom have paid their subscription to the Police Superannuation Fund since the day they were taken into the service of this Government.

2. All those whose names are included in the Roll, have been put before Doctor Porteous for examination, and out of the whole number, 8, he considers 4 are fit for continued service; by reference however to the Roll you will observe that they are all old men. They are all too old to render their transfer to the Standing Force at all desirable.

3. If the Government should determine that these men shall still be continued on the receipt of pay as Officers of Police, I would respectfully suggest, that they be still called Extra Peons, and that I be directed to send them to the Magistrates' Courts, where the duty is light and easy comparatively with that which the Division Peons have to perform; should the Government however determine to remove their names from the Roll of Police Officers altogether, I beg you to solicit for them as well as for those reported unfit for further service by Doctor Porteous, a Gratuity from the Police Superannuation Fund, in consideration of the good services they have rendered during the period they have been employed, and in making this request I submit for consideration also, that of these 8 men, 7 are entirely dependent on their pay for the support of themselves and their families; the other, No. 1, being, as you will observe by the Roll, in receipt of a small pension as a Servant of the late Carnatic Circar.
