Proceedings of the Madras Government, Judicial Department,
18th July 1860.

No. 109. Read the following Proceedings of Government, in the Military Department, dated 23rd June 1860, No. 2,314.

Communicating the Order passed on a letter from the Quarter Master General of the Army, submitting a report on the subject of Conservancy. (Vide Proceeding Military Department, dated 23rd June 1860, Nos. 98 and 99A.)

No. 110. ORDER THEREON, 18th July 1860, No. 901.

Extract Minutes Consultation, 28th August 1858, No. 1,187, Judicial, and 17th idem, No. 2,952, Military.

It is observed that the existing arrangement for the maintenance of the Roads in the Bellary Cantonment, was sanctioned to be in force experimentally for one year, and to be reported on at the end of that time by *all* the authorities.

2. The Government have no reason to believe its working to be otherwise than satisfactory, but resolve to call on the Collector and Acting Judge for report.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

From the Acting Quarter Master General of the Army, Fort Saint George, 9th June 1860, *No.* 202; *to the Secretary to Government, Military Department.*

Referring to the Order of Government No. 1216 dated the 28th March last, on the subject of Conservancy, I have now the honor, by order of His Excellency the Commander-in-Chief, to present the following further report on the same subject.

2. In the 2nd para. of the Order, Government objected to the sums required by the Stations* entered in the margin.

* *Berhampore. Palamcottah. Cuddapah.*

3. The Estimate for Berhampore has been reduced from 1200 to 924 per annum. Palamcottah has reduced its Estimate from 804 to 492 Rupees per annum. Cuddapah having been discontinued as a Military Station, the Estimate submitted, is not now required.

4. Vizianagrum, which omitted to send in Estimates in time on the last occasion, now asks for an annual grant of Rupees 812 for Conservancy, and for Rupees 2,425-4-1 to put the Bazar roads in order, irrespective of the Conservancy grant. This latter sum is large. If Government would sanction 1,000 Rupees for this purpose, and leave it to the Officer Commanding the Station to lay it out to the best advantage, it might suffice under present financial difficulties. Being a Brigade Station, its Lines and Bazars and minor roads are numerous.

5. In the Centre Division, Saint Thomas' Mount asks for 2,640 Rupees per annum. The sum appears large, but it is a large and important Station, and to satisfy Government in regard to its necessity, I am directed to append Brigadier Amsinck's letter† forwarding the Estimate—Palaveram, Poonamallee and Vellore have likewise sent Estimates. That for Poonamallee, His Excellency has reduced from 600 to 360 Rupees per annum, and the sum asked for at Vellore, 670 is considered sufficient only on the supposition that the same number of Prisoners now allowed for cleaning Tanks and Nullahs and repairing Roads, will continue to be allowed.

† *In original, to be returned.*

6. In the Mysore Division, the only Estimates received are those for Hurryhur and Mangalore—Bangalore being under the Commissioner in Mysore, its condition cannot be provided for by this Government. It is reported by Major General Spencer, C. B., that the original grant of Rupees 6,000 has been discontinued since the 27th April 1859, and that the roads have been placed under the Executive Engineer. The Public Bazars likewise being under the charge of the Superintendent of Police, all seems to be provided for, except Regimental Bazars and Lines. His Excellency therefore begs Government will move the Commissioner to afford assistance in maintaining cleanliness and due drainage in these parts also.

7. The Estimate for Hurryhur has been reduced to 600 Rupees annually—that being considered sufficient. Mangalore has likewise been reduced from 1,800 to 780 Rupees.

8. There yet remain the French Rocks and Mercara to be provided for. These Stations have recently been relieved by fresh Regiments, and consequently delay has taken place.

9. Bellary which formerly enjoyed a grant of 2,400 Rupees annually, is now left without funds. The cause is explained in an order in the Public Works Department dated 2nd May last, No. 904, on which an order in the Judicial Department dated 18th idem No. 620, was forwarded to this Office by the Chief Secretary.

10. His Excellency begs to bring to notice of the Government, that in his opinion, it would be to the advantage of Government, that Bellary should be placed under the same rules for Conservancy purposes as are other Cantonments. Its subjection to the oversight of the Judicial Department within Military limits, for Conservancy, is at least anomalous.

11. The Estimates which I have thus presented to Government, do not provide for the of tools. These must be provided by the workmen, nor do they interfere with any existing regard to the disposal of Revenue derived from grass land, &c. &c. It is desirable 'onment profits, except those adverted to in para. 13 of my letter dated 20th March e paid to Government, and the sums allowed for Conservancy drawn distinct—any ld lead to confusion, and would in Cantonments, where such profits are large, give dvantage in point of funds, over a Cantonment of equal or greater size which ofit.

Acting Quarter Master General of the Army.

QR. MR. GENL.'s OFFICE,
FORT SAINT GEORGE,
9th June 1860.

ORDER, No. 814, *23rd June 1860.*

With reference to the Order of Government noted in the margin, the Governor in Council proceeds to pass further orders on the Conservancy Estimates for the Stations now submitted with the foregoing letter.

Proceedings of Government, No. 1216, 28th March 1860.

2. Some modifications in the charges in the Estimates appear to be required—the employment of Maistries* or Head Coolies† on permanent pay is quite unnecessary and cannot be sanctioned—one Sweeper or Cooly attached to each Scavenger's Cart ought to be sufficient. The Governor in Council accordingly resolves to sanction an annual allowance as specified, to the Stations mentioned in the margin.

Berhampore	Rs. 732.
Vizianagrum	„ 812.
Palamcottah	„ 420.
St. Thomas' Mount	„ 2,400.
Palaveram	„ 384.
Poonamallee	„ 360.
Vellore	„ 670.
Hurryhur	„ 480.
Mangalore	„ 672.

3. No additional sum is sanctioned for Vizianagrum,—the requirements on account of minor roads, bazars &c. must be gradually provided for out of the annual allowance now granted. The minor roads at that Station, His Honor observes, are very limited in extent.‡

4. The Commissioner at Mysore will be addressed on the subject of para. 6.

5. The Commissioner at Bellary Cantonment will be communicated to the Medical Department. The Governor in Council however does not consider it desirable to disturb the existing arrangement, if found to answer the purposes intended.

6. The Governor in Council concurs in the view expressed in para. 7 of the Quarter Master General's letter, regarding the payment of Cantonment profits to Government. This and other details will however be provided for in the Draft G. O. proposed to be submitted in para. 14 of the Quarter Master General's letter as per margin, which Draft G. O. may be forwarded at the same time as the remaining Stations will be provided for when submitted.

A statement of the sums allotted for all Stations in this Presidency under the orders
