Proceedings of the Madras Government, Judicial Department,
27th November 1861.

Read again Proceedings of Government in the Public Works Department, dated 25th March 1861, No. 595, and recorded in Proceedings, dated 28th March 1861, No. 440.

No. 165. Read also the following letter from Captain C. S. HEARN, Acting Inspector General of Madras Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 22nd November 1861, No. 1,874.

General Department.

With reference to Proceedings of Government, No. 440 of the 28th March 1861, I have the honor to forward a copy of a report from the late Acting Superintendent of Police, Nellore District, with reference to the accommodation of the Police in the place of Arms at Ongole.

2. It will be observed that Lieutenant Hands does not consider the building to be adapted to the requirements of 3 Officers. The present Superintendent Lieutenant Gordon reports that 3 rooms are needed for Police purposes. There are 6 rooms in the building. If the Postal and Telegraph Departments can be accommodated in the remaining 3, there will be no further difficulty, as the project of locating the Office of the Public Works Department in the same building has already been abandoned by the Chief Engineer.

No. 166. ORDER THEREON, 27th November 1861, No. 1,462.

Referred to the Post Master General, and to the Deputy Superintendent Electric Telegraph Department. These Officers are requested to report in concert whether the remaining three rooms in the place of Arms at Ongole will afford sufficient accommodation for the Post and Telegraph Offices at the station—and if not, to suggest some arrangement, in reference to the rooms referred to, by which the wants of their respective Departments may be best provided for.

(Signed) T. PYCROFT,
Chief Secretary.

margin from Lieut Col Horsely
Chief Engineer, to the Secretary to
Government and to the Order of
Government No 595 dated 25th March
1861, I have the honor to state that the
new place of arms at Ongole is
not sufficiently large to convenient-
ly accommodate even 3 Offices, and
would respectfully suggest that
the Postal Department alone be
permitted to have rooms in the
building in common with the Police

The District Engineer proposes
that one Room be given to the Police
which is not sufficient, the current
business of the Department requires
that the Assistant Superintendent
should have several Native Assis-
tants in his Office and he should

I think have a room separate from that occupied by his writers, besides which, space is required for the deposit of spare arms, ammunition, stores &c which he may have from time to time.

Whatever decision may be come to, I am of opinion that the occupation of part of the building as an Office by the Public Works Department will be very objectionable; Mr Dykes the Magistrate of Kellar agrees with me so far as this Department is concerned.
