Proceedings of the Madras Government, Judicial Department, 23rd December 1861.

No. 137. Read the following letter from T. ALAGHIAH, Additional Principal Sudder Ameen of Salem; to J. W. CHERRY, Esq., Civil Judge of Salem, dated 5th December 1861.

I have the honor to forward herewith the Civil reports of my Court from the 13th September last, up to this date, shewing the disposal of 24 cases, 21 by decrees 2 by Razeenamahs and 1 by withdrawal and exhibiting a balance of 329 cases.

Having, on assuming charge of my office, found certain records defective as reported by me in my Memorandum on the 24th September last, to the late Acting Civil Judge, I thought it imperative upon me first to ascertain that the different doucuments composing each record, are correctly filed or are actually in existence and then to proceed with the disposal of the cases, and in the course of this examination, I disposed of the few cases mentioned above. Before I could write my decisions upon the other cases, I was attacked with the disease, on account of which the Medical Officer in charge of the District has now recommended my absence from duty. The pains under which I am now suffering, I first looked upon as common head-ache and I went on simply hearing the cases from parties and Vakeels, but unfortunately they are now pronounced to be the symptoms of palsy. Hence the deficiency.

(Signed) J. W. CHERRY,
Civil Judge.

The Judges recommended that this application be complied with, and that some other Officer be appointed to assist in disposing of the arrears of appeal cases in the Civil Court of Salem.

No. 138. ORDER THEREON, 23rd December 1861, No. 1,582.

It is observed that T. Alagiah Pillay, employed as additional Principal Sudder Ameen of Salem, has only decided on the merits of 21 cases between the 13th September and 5th December 1861, and that his present illness is pronounced to be the symptoms of palsy. T. Alagiah Pillay will under these circumstances be requested to consider whether it would not be the more proper course for him to retire from the public service on the pension to which he is entitled. The Government could not grant him sick leave unless it appeared from the Zillah Surgeon to whom reference would have to be made, that there was a reasonable probability of his being able to resume the effective performance of his duties at the expiration of the leave granted him.

Chief Secretary.
