SIR,

1. Referring to the Order No. 1,191, dated 15th September 1860, I have the honor to forward, for submission to Government, a letter* from the District Engineer of Tanjore, enclosing an Estimate amounting to Rupees 251, for completing the necessary repairs and alterations to the buildings at Tranquebar, so as to adapt them for judicial purposes. In accordance with the wishes of the Sessions Judge, provision is made for the Police Guard and walls are to be built to separate the Courts and Jail, and steps constructed outside the Citadel to lead to the eastern rampart on which the Citadel building is situated.

1 Abstract Estimate Rupees 251,
* No. 275, dated 18th December 1860.

2. In the Order just quoted, Government sanctioned Rupees 3,000 for repairing the above buildings, but certain alterations were subsequently suggested by Mr. Clarke, which renders the additional sum (Rupees 251) now applied for, absolutely necessary.

	Rs.
Civil Court House...	805
Citadel Buildings...	2,446
Total Rupees...	3,251

4. Captain Oakes reports that the allotment of buildings as originally reported† by him, has been altered as indicated below :—

I request, therefore, Government will be pleased to accord early sanction for the execution of the proposed work, the amount, Rupees 251, to be defrayed from the General Repair Funds assigned to the District of Tanjore for expenditure during the current official year.

No. 9,682, dated 7th Feb. 1861.

7. In anticipation of sanction being accorded to the present Estimate, I have directed the District Engineer to complete the work with all despatch, which I trust will meet with the approval of Government.

8. It will be observed that the District Engineer speaks of a further sum of Rupees 820 as being required for constructing a building on the rampart for the accommodation of the Jailor, and that he is about forwarding an Estimate for the same to Mr. Clarke the Sessions Judge.

ORDER THEREON, 20th February 1861, No. 347.
