Proceedings of the Madras Government, Judicial Department, 26th March 1861.

No. 244. Read the follwing letter from Lieutenant Colonel W. H. HORSLEY, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, Public Works Department, dated Chepauk, 15th March 1861, No. 10,979.

Public.

I have the honor to forward herewith for submission to Government the accompanying Plans and Estimates amounting to Rupees 10,580 for constructing Custom and Police Guard Houses combined, and Police Station Houses, in the District of North Canara. These Estimates were framed by the District Engineer at the request and in accordance with the instructions of the Collector, and the Superintendent of Mofussil Police, the proposed buildings (Custom Houses and Police Stations combined) being urgently required, 1stly for the security of a considerable Revenue levied on exports from the Goa Territory, and which being insecurely lodged in temporary thatched sheds, is very open to the depredation of petty gangs of robbers, and 2ndly, to provide accommodation (of which there is now literally none, the want of it entailing much sickness) for the Police parties located on the Frontier.

Enclosures 11.

1 *Letter from the District Engineer North Canara, No.* 127 *A., dated 8th November* 1860.
3 *Reports.*
3 *Estimates.*
3 *Plans.*
1 *Letter from the Inspector General Mofussil Police, dated 5th January* 1861.

2. The 1st and 2nd class Police Stations are intended to be occupied by the new Police Force stationed in the remotest parts of the Districts, and who are now under temporary shelter, but of the very scantiest kind.

3. Captain Walker proposed 7 Custom and Police Station Houses in the Goa Frontier, and 5 first and 15 second class Police Stations, but the Inspector General of Mofussil Police (after careful personal consultation with the Collector, the Superintendent of Police, and the District Engineer (while admitting the necessity of ultimately constructing so many of each class of buildings, thinks, with reference to the existing financial pressure, that 5 Custom and Police Guard Houses, 2 first class and 11 second class Police Station Houses, are essentially and immediately required. Mr. Robinson also proposes to have wells dug at 12 of the Stations at a total cost of Rupees 600—these, however, are not provided for in the accompanying Estimates.

4. The Plans having been approved of by the Inspector General of Mofussil Police, and the Estimates examined and corrected in this Office, they are submitted for the sanction of Government, the aggregate amount, Rupees 10,580, to be met from the Reserve Fund of 1861-62.

Transferred to the Judicial Department.

16*th March* 1861.

(Signed) C. G. MASTER,
Deputy Secretary to Government.

No. 245. ORDER THEREON, 26th March 1861, No. 422.
