*Proceedings of the Madras Government, Judicial Department,
4th April 1861.*

No. 11. Read the following letter from Captain J. C. HAUGHTON, Superintendent Port Blair, to W. GREY, Esq., Secretary to the Government of India, dated 1st February 1861, No. 71.

One of the Dressers who arrived on the 10th of December last per "Fire Queen," Vadamonium, has been anxious to leave ever since. He has assigned no reason, but as far as I can ascertain timidity amounting to cowardice is the cause, all the other Medical Subordinates from Madras have hitherto done well and as far as I am aware are thoroughly content. Fearing that the bad example of the man Vadamonium might spread, I have thought it best to accept his resignation, subject to the sanction of Government, and having recently learnt by the Under Secretary's letter No. 2,248 of 5th October, that Medical Subordinates are wanted in Burma, I have directed him to proceed by the "Tubal Cain" to Rangoon, there to report himself to the Superintending Surgeon, with whom, and the Chief Secretary to Government at Madras, I have communicated.

2. Since the existing Medical Establishment was proposed by me more than a year ago, a very material change in the health of the Settlement has taken place, which promises to be permanent. Under these circumstances I do not propose at present to fill up the vacancy caused by Vadamonium's resignation.
