footing." Mr. Reade explains that he was only in charge of the South Arcot District for about the last 7 weeks of the official year 1861-62, and he forwards a letter from the Superintendent of Police to the effect that he "had never had any occasion to complain of any want of co-operation on Mr. Reade's part, indeed he may safely say that so far as personal intercourse has gone, he has ever received the most cordial assistance and advice from Mr. Reade with regard to Police matters." Mr. Reade can of course only be held responsible for the period during which he was in charge of the District and he is entitled to benefit by the testimony of the District Superintendent. But the Government, when they wrote the Order of 27th June last, could only judge what were Mr. Reade's feelings and bearing towards the Police from his own writings. His writings were objectionable in themselves and could lead to only one conclusion as to Mr. Reade's disposition towards the Police.

Chief Secretary.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter
from the Magistrate
Arcot.

[Here enter 28th August '62 N^o 34.]

Order thereon 15th September 1862 N^o 1505.

It is observed that
in his letter of 5 May last
to the Zillah Surgeon Mr. [unclear]
states, para 4, that "the frequent
" use by the new Police of the
" Public Dispensary kept away
" the more respectable among
" the community who naturally
" did not like to come into close
" proximity, and contact with
" a class of men whose social
" habits and way differed [unclear]
" from their own and whose disease
" for the most part was viewed
" as offensive & degrading."

In the same para he said that
the present Police men were
"generally drawn from
the lowest and worst classes."

2. His letter to the Govt
21st May last was of the same
tenor, and it was impossible
for Govt. to draw from it any
other inference than that
Mr. Reader was ill disposed
towards the Police, and took
a very unbecoming mode
of expressing his dislike to
them. The remarks in para
5 of the Govt. order were there-
fore natural & appropriate
and the Governor's Council
saw no reason to recall them.

3. The Inspector General
of Police will be requested to
explain why the rolls of
men recruited for the Police
are sent to the Magis-
trate of South Arcot for
his remarks. It would seem
however from Mr. Reader's
observations in para 3 of
his letter as far as the Govt

understand

understand them, that he
attaches little value to the
submission of such lists or
to any thing short of the
selection of the Police by
the Magistrate himself, who
"must have a better op-
portunity than the officers of
Police can have of knowing
the character and disqualifi-
cations of the people of a
District."

3. With respect to the state-
ment made by the Inspector
General of Police in a dis-
cussion report, and referred
to by Govt. in para 6 of their
order of 2nd June last, viz. that
South Arcot was one of the
few Districts in which the
Police Authorities had been
unable to enlist the cordial
co-operation of the Magistrate,
and that as a natural con-
sequence, there was the greatest
possible difficulty in main-
taining the force upon any
thing like an efficient footing.
— Mr. Reader

he was only in charge of the
 South Arcot District for
 about ^{the last} 7 weeks of the ~~last~~
~~part of the~~ official year 1861-
 62 - and he forwarded a letter
 from the Superintendent
 of Police to the effect that he
 "had never had any occasion to
 complain of any want of
 co-operation on Mr. Read's part,
 indeed he may safely say
 that so far as personal in-
 -tercourse has gone he has
 ever received the most cordial
 assistance and advice from
 Mr. Read with regard to Po-
 -lice matters." Mr. Read can
 of course only be held responsi-
 -ble for the period during which
 he was in charge of the
 District and he is entitled to
 benefit by the testimony
 of the District Superintendent.
 But the Govt., when they
 wrote the order of 27th June
 last, could only judge what was
