*Proceedings of the Madras Government, Judicial Department,
20th Decemb. 1862.*

Read the following papers:—

No. 194. From C. G. MASTER, Esq., Sup-
ment; to the Chief Secretary to Gov-
ber 1862.

I have to report with reference to the Order of Government in the P-
Department, dated 28th November, No. 1,932, that there is no Exa-
to the High Court from the Government Printing Establishment.

When the work of the late Sudder Court was taken over from Messrs. Pharoah's and the
Male Asylum Presses to the Government Establishment, I was specially entertained
on this account; the examination of proofs was carried on by the regular Examiners in other
Departments working out of hours on a fixed allowance of Annas 2-6 per page.

This plan was concurred in by the Registrar of the late Sudder Court, and approved by
Commission for Investigating Public Establishments.

Under the new contract, management of printing and copying the Sudder work have
been taken over by the High Court's employment.

The establishment
to Gray.

Examiner on Rupees 100 (vide para. 4 of Mr. Ellis's letter recorded in Government O-
October last, No. 1,255). The place of another Examiner on 60 Rupees a month
recently resigned in anticipation of his services being dispensed with, will not be filled.
his salary will be added to the reductions previously effected.
sem can also be struck off.

To meet the additional expenditure to be incurred in the High Court there-
thus be a further saving of Rupees 60 + 15 = 75 Rupees leaving only Rupees 46
charged against the monthly saving referred
sum of Rupees 589, I should add, does not really represent the actual reduction.

The piece hands in the Sudder and Book Departments numbering about 60 on
monthly Rupees 1,680 on an average were not included in that calculation.
letter of 21st October 1862.

No. 195. From C. F. CHAMIER, Esq., Regist-
dras; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort
Saint George, dated 9th December 1862, No. 43.

1. The Supervisor of the Government Press having reported that he is unable to transfer
an Examiner of Press proofs to this office, the duty devolves upon me of appointing one in
pursuance of para. 3 of the Order of Government dated the 28th ultimo.

2. An impression seems to prevail that a person serving in this capacity will not be entitled
to reckon the period of such service as qualifying for a pension.

3. If such should be the effect of para. 4 of the Government Order, I would suggest that
the Examiner be added to the regular Establishment of the High Court.

4. The printing of cases heard in open Court is a permanent arrangement, and will afford
uninterrupted occupation for a Proof Examiner, who will always be as indispensable a member
of the Establishment as any of the translators.

5. One great advantage of having the Proof Examiner in the office will be that he will
be able to refer to the translators whenever he meets with a passage of doubtful meaning; and
thus the duty of correcting the final proofs, if intelligently performed by a person conversant
with the practice of the Court, will be a means of facilitating the disposal of cases by the
Judges.

6. I find however that properly qualified persons are averse to accepting the office on its
present footing, and I therefore submit for the consideration of Government whether it would

Department.

not be better merely to appoint an Examiner of Establishments
enable the Registrar to provide for the necessary proof.

7. The arrangement made by Government in para. 4 of their Order might stand till the sanction of the Government of India could be obtained and the charge of the Budget.

8. A Reader has been transferred to this office of opinion that the same course might be adopted in his case as in that of the that he might simply be brought on the regular Establishment as a Clerk. The read to the two present Examiners are men.

No. 196. ORDER THEREON, 20th December 1862, 1862.

The present agreement with Messrs. Graves, Cookson & Co., is merely experimental, and will expire in April next, but wherever the printing work may be eventually performed, it would appear to be convenient for the examination of the proofs to be conducted at the High Court itself. Under these circumstances His Excellency the Governor in Council sees no objection to the immediate adoption of the arrangements suggested in the Registrar's letter. Sanction is accordingly granted for a permanent addition to the H

margin, subject to the approval of the Government which will be applied for the requisite Tabular Statement being furnished by the Registrar.

2. The Accountant General is requested to state whether this additional expense met from the reduction effected in the Government Press, or from savings under the "Law and Justice."
