ORDER THEREON 23rd December 1862, No. 2,112.

By Major Wapshare.
Rupees— 465 14 7

In his letter recorded above, Mr. Hodgson states that a sum of Rupees 465-14-7 disbursed on passed abstracts on account of the Military pay of certain Non-Commissioned Officers and Privates employed in the Jail, Police, and

been retrenched in the accounts of the Paymaster, Southern Division sent by that Officer to his office.

ment was made in pursuance of a Circular, recorded at the head of these Proceedings, to the effect that the pay of such ranks in Civil employ should no longer be issued by Military Paymasters, and that the allowances paid during the current financial year would have to be

the objection made in no way impugns the correctness of the pay-
Hodgson, or by his predecessor, Major Wapshare, His Excellency the Go-

Council authorizes the Collector of Coimbatore to advance the sum of four hundred Rupees subject to adjustment under the Civil Paymaster's audit. As regards pay-
applied for by Mr. Hodgson, seems unnecessary, as will hereafter

Proceedings of the Madras Government, Judicial Department,
23rd December 1862.

3. Abstracts on account of the items retrenched have already been submitted to the Civil Paymaster, but that Officer declined to audit them "for want of authority sanctioning the payment, in addition to their Civil salary, of the Military pay of men of the Army employed in the Civil Department, and for want of provision for those allowances in the Civil Budget for 1862-63."

4. The want of provision in the Budget, appears from the Controller's Circular recorded above, to have been supplied by a transfer from the Military to the Civil Budget.

5. And as regards the former objection the Governor in Council observes that the rule under which the entire allowances of Non-Commissioned Officers and Soldiers in Civil employ are to be borne by the Civil Department in no way affects the amount to be drawn by such ranks. They are just as much entitled to Military pay now as they were previous to the passing of that order, the only difference being that the abstracts instead of being passed by the Military Department require to be audited by the Civil Paymaster. It appears therefore to His Excellency in Council that the order itself is in effect a sufficient authority for the Civil

Paymaster to admit such charges. Moreover special orders have already been issued in regard to the men employed as Warders of the European Prison, whose pay is included among the items disallowed.

6. Under these circumstances, as the objections of the Civil Paymaster seem to have been made from want of information, His Excellency in Council directs that the abstracts received with Mr. Hodgson's letter be re-submitted for audit as charges in the Civil Department.
