Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 9th January 1862, No. 9,125:—

SIR,

In reply to the Proceedings of Government, No. 2,351, dated 21st ultimo, I have the honor to report for their information that the Superintendent therein alluded to should, in my opinion, be paid from the Military Conservancy allowance, as he is employed in superintending the repairs to minor roads in the Cantonment of Bellary, for which the Conservancy allowance was granted to the Military authorities.

ORDER THEREON, 18th January 1862, No. 25.

With a view to determine the source from which the Road Superintendent at Bellary is to be paid, the Deputy Chief Engineer Central Circle, will be so good as to furnish the plan of the Cantonment of Bellary, showing the roads to be kept in order by the Military Conservancy Committee and those by the Department Public Works, and to ascertain and report on which roads the convicts are ordinarily employed.

JUDICIAL DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from J. ROHDE, Esq., Inspector General of Jails; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated Ootacamund, 31st January 1862, No. 48.

I have the honor to forward a letter received from the Sessions Judge of Bellary complaining of the hardship imposed on the individual who superintends the repair of the roads, by convicts, being kept out of his pay, notwithstanding the Order of Government, No. 1,510, of the 9th ultimo, in which it was ruled that his salary should be defrayed either from the Reserve Fund of the District or from the Conservancy allowance. It appears that both the Major General Commanding and the District Engineer decline to pay the amount due; the Major General, stating that no provision was made for the charge in estimating the Conservancy charges, the latter that no orders had been received from the Chief Engineer and that no funds for the purpose were available.

2. The salary of the Superintendent at 20 Rupees monthly is stated to be in arrears from the 11th September, and the Sessions Judge being in charge of the convicts is looked to by him to obtain payment for the duty performed.

From P. IRVINE, Esq., Sessions Judge of Bellary; to J. ROHDE, Esq., Inspector General of Prisons, Ootacamund, dated Bellary, 25th January 1862, No. 30.

With reference to the Proceedings of the Government, dated the 9th December 1861, I have the honor to forward 2 original\* letters received from the District Engineer and Major General Commanding Bellary, declining payment of the salary of the Superintendent of convict labor attached to the Jail, and request that you will make arrangements for the payment of the salary of the said Superintendent as desired by the Government in their Proceedings, he not having been paid since the 11th September last. It is very hard upon a poor man being kept so long out of his pay.

(Signed) J. ROHDE,  
 Inspector General of Jails.

ORDER THEREON, 12th February 1862, No. 216.

Referred to the Public Works Department, in advertence to the Order in the Military Department of the 16th ultimo, No. 179, with the remark that the pay of the Session Judge's Superintendent of the Bellary Cantonment Roads, should be disbursed at once.

1. In the orders marginally noted a  
fixed annual expenditure was sanctioned in the  
Military Department for the conservancy of  
Bazaar roads and for minor improvements in  
most of the Cantonments in this Presidency,  
while the Department of Public Works was directed to provide for the repair of the "main  
" roads, bridges, drains and other substantial works" in each Cantonment. Accordingly, Dis-  
trict Engineers were called upon, after con-  
sultation with the Military authorities, to sub-  
mit estimates for the required works in the  
Cantonments within their Districts.

2. Government have already sanctioned  
permanent grants for the main roads, &c., in  
the stations of Berhampoor, Vizagapatam, and Trichinopoly; and I have now the honor to sub-  
mit six estimates, amounting in the aggregate to  
Rupees 4,550, for annual maintenance allow-  
ances for the Cantonments named in the  
margin, and to request that they may be  
sanctioned for immediate execution out of the  
several approximate sums entered for Canton-  
ment roads in the current Budget as per  
margin, and that permission may be granted  
for the insertion of the same in future Budgets  
as the permanent maintenance allowance  
in the Department Public Works for those  
Cantonments.

It will be observed that there is no allowance in the current Budget for the Cantonment  
roads at Arcot and Hurryhur; the sums estimated for their maintenance in the present year  
will therefore have to be taken from the general funds at the disposal of the District Engineer  
North Arcot, and the Executive Engineer at Bangalore.

4. I have requested District Engineers to hasten the despatch of the estimates, required  
for the remaining Cantonments, and as soon as they are received I will submit them also for  
similar sanction. Accompanying I beg to forward a Memorandum of the Cantonments for which  
a maintenance is required, showing distinctly what has been done, and what remains to be pro-  
vided for.

ORDER THEREON, 14th November 1861, No. 2,117.

The estimates submitted with this letter amounting to Rupees (4,550) four thousand five  
hundred and fifty are sanctioned. The sums required for the Arcot and Hurryhur Cantonments  
may be taken from the surplus in the Budget for Palamcottah. Authority is granted for the  
entry in each year's Budget of the estimates now sanctioned.
