Proceedings of the Madras Government, Judicial Department, 20th March 1862.

Read the following papers:—

No. 173. From W. ROBINSON, Esq., Inspector General of Mofussil Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated Vizagapatam, 30th January 1862, No. 269.

From the Principal Inspector General, Medical Department, dated 15th January 1862.
To do. do. 18th do.

With reference to the correspondence noted in the margin, I have the honor to request the instructions of Government.

2. The Medical Stores in question were supplied to the Golgonda Sebundies during the first month of the year, and sanction was only refused for the supplies, and I beg that the Principal Inspector General of Hospitals may be authorized to pass them as heretofore.

3. I beg that the Government will issue instructions with reference to the year 1862-63.

From W. R. CORNISH, Esq., Secretary Principal Inspector General Medical Department, Fort Saint George; to W. ROBINSON, Esq., Inspector General of Mofussil Police, dated 15th January 1862, No. 96.

In forwarding the enclosed documents (to be returned) for your information, I have the honor by desire of the Principal Inspector General Medical Department to inform you, that no provision has been made in the Medical Estimates for 1861-62, for Hospital charges on account of the sick of the Mofussil Police (no information regarding the necessity of such provision having been made by your Department), the Principal Inspector General is therefore precluded from sanctioning the charges.

From Deputy Inspector General of Hospitals, Northern Division, No. 13 of 8th January 1862, and enclosures attached.
From do. No. 10 of 3rd do. do.
(These have been returned.)

2. It seems very desirable that some provision should be made for the treatment of the sick of the Mofussil Police Force, other than that which now obtains, and the Principal Inspector General would request the favor of your bringing the subject to the notice of Government, with the view of arrangements being sanctioned regarding the Hospitals for your Force.

Personal Assistant to the Inspector General of Mofussil Police.

From W. ROBINSON, Esq., Inspector General of Mofussil Police; to R. COLE, Esq., Principal Inspector General Medical Department, dated 18th January 1862, No. 130.

General Department.

With reference to your Secretary's letter, dated 15th January 1862, No. 96, and enclosures, I have the honor to observe that the charges objected to were incurred on account of the Golcondah Sibundy Corps, a body existing when the Budget of 1861-62 was framed. It had not been incorporated with the Police till a period of the year considerably later. Provision must therefore have been made as usual.

2. With reference to the Budget under preparation for 1862-63, I beg that you will, if it have not already been done, request the Officers of your own Department to make the necessary provision for the supply of Medical Stores for the Police of their respective Districts as part of the Civil Establishment under their charge.

3. The provision cannot be made by the Police Officers. But they will at once give all the necessary information to the local Medical Officers to enable them to judge of their requirements.

4. The latter part of your letter relates to matter of a more general character, and I venture to suggest that it be made the subject of a separate communication with any suggestions

or proposals that you may deem right. I need scarcely add that I shall be glad to bring them before Government or discuss the matter fully with you on my return from a tour I am about to make.

FORT SAINT GEORGE,
9th February 1862.

No. 174. From R. COLE, Esq., Principal Inspector General, Medical Department, Fort Saint George; to T. PYCROFT, Esq., Chief Secretary to Government, Judicial Department, Fort Saint George, dated 4th March 1862, No. 54.

From Inspector General of Madras Police, No. 262, dated 30th January 1862, referred by the Judicial Department on the 9th February last, with 2 enclosures herewith returned.

Referring to the correspondence as per margin, I have the honor to remark that, Sebundy Corps, being altogether local, were supposed to be provided for by the Collector or District Officers, under whom they were placed. No Medical returns are received regarding them, and, with some few exceptions, no Medical Establishments were sanctioned for them. The Medical Department, therefore, has, in none of its Budgets, made any provision for Sebundy Corps *Hospitals*, which have never been sanctioned.

2. The Bills in question are not for *Medical Stores* but Hospital necessaries, such as Oil, firewood, paper, &c. *Medical Stores*, have been supplied for the Sebundy Corps from the local Depôts on requisition, and prepared Medicines are supplied for small bodies of the Police Force, from the nearest Hospital, Military or Civil.

3. The question of Medical aid for the Mofussil Police Force will form the subject of a future communication,

4. I am of opinion that the bills referred to in the correspondence should be defrayed by the Police Department, and that they do not come under the supervision of the head of the Medical Department.

No. 175. ORDER THEREON, 20th March 1862, No. 474.

It is observed that the charges referred to in the foregoing correspondence are not for Medical Stores, but for Hospital necessaries such as Oil, firewood, paper, &c., supplied to the Sebundy Corps. These charges, which must be trifling, should, as in the case of the sum of Rupees 27,113 entered on account of that Corps in the Supplemental Estimate for 1861-62* and subsequently struck out, be met out of the savings in the Police Budget.

* Order 25th November 1861, No. 580.

2. It has been ascertained from the Accountant General's Office that provision has been made for the above supplies in the Budget Estimate for 1862-63.

(Signed) T. PYCROFT,
Chief Secretary.
