1 Letter from the District Engineer, Presidency, No. 2,549, dated 6th March 1862.
1 Do. No. 2,398, dated 18th February 1862, with 1 enclosure.
1 Do. No. 2,620, dated 15th March 1862.
1 Estimate Rupees 460.
1 Specification.

I have the honor to forward an Estimate amounting to Rupees 460 for laying Asphalte over the floor of the lower story of the Hospital attached to the Penitentiary. The Estimate has been prepared by the District Engineer, Presidency, at the requisition of the Barrack Master, as the lower apartments of the building is reported to be damp ard unwholesome during rainy weather.

2. The necessity for the work was brought to notice by the Deputy Inspector General of Hospitals, who observed other defects at the same time, such as bad drainage from the house, wash-house, and privy, of the Jailor, a remedy for which is being provided in another Estimate. He also objected to the plan of the large enclosure used as a general privy, which being unfloored the evaporation arising therefrom is very prejudicial. I am in correspondence with the District Engineer on the subject of it.

3. The Estimate now submitted has been examined in this Office and found to be correct, and as the District Engineer Presidency has funds at his disposal, I recommend it for the early sanction of Government.

Referred for the consideration of the Judicial Department.
