No. 17. Read the following letter from Lieutenant Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle; to Lieutenant Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 20th March 1862, No. 11,708.

I have the honor to forward a plan, with an estimate amounting to Rupees 975, for constructing a new Duffadar's Tannah near Flower's Garden at the junction of the Pursewaulk and Kilpauk roads, which has been prepared at the request of the Barrack Master as the old Tannah is in such a state that it would be useless to repair it. The estimate has been examined and found correct, the increased rate for teak wood, according to the recently revised data, being allowed; and I request the sanction of Government to the expenditure that as much as possible may be done in what remains of the current year. Nothing is said of how the old building is to be disposed of, but I propose that as soon as the new one is built, the materials of the old one shall be sold by auction, and the proceeds be credited in reduction of the amount of sanction now asked for.
