No. 164. Read the following letter from Lieutenant Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer in charge of Southern Circle; to Lieutenant Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 15th May 1862, No. 589.

ENCLOSURES 4.
1 Letter from District Engineer, No 372, dated 10th April 1862.
1 Letter from Inspector General of Jails, No. 238, dated 3rd May 1862.
1 Specification.
1 Abstract Estimate.

I have the honor to submit herewith for the consideration of Government an Estimate amounting to Rupees 390 for repairing the Bungalow of the Jailor at Tellicherry, Malabar District, a work which appears to be greatly needed.

2. The Inspector General of Jails has countersigned the Estimate in token of approval, but he has entered (I think somewhat irregularly) some remarks across the face of the document to the effect that Coal tar should be applied to the wood work in contact with Masonry, and further indicating his views as to the timber of the District eligible for building purposes.

3. Mr. Rhode proposes twenty Rupees worth of Tar to be applied to wood which is only to cost Rupees 18¼. About three Rupees worth would be quite sufficient; and if the District Engineer considers it necessary, he can furnish this out of "Sundries." As to the description of timber to be used Captain Bean, who has had five years experience of his District, is I apprehend the most competent judge.

4. The amount of the Estimate will, if sanctioned, have to be allotted from the General Repair Fund of the District.

Referred to the Judicial Department for consideration.

Secretary to Government, D. P. W.

In Extract Minutes Consultation, 22nd May 1855, No. 380, paragraph 3, the Inspector General of Jails was empowered to authorize the immediate execution of repairs of, alterations in, and additions to the existing Jail buildings, if the expenses were not in excess of that amount.
