*Proceedings of the Madras Government, Judicial Department,
16th June 1862.*

No. 110. Read the following letter from W. ROBINSON, Esq., Inspector General of Madras Police; to A. J. ARBUTHNOT, Esq., Acting Chief Secretary to Government, Fort Saint George, dated 9th June 1862, No. 1,176.

General Department.

I have the honor to solicit the Order of the Chief Engineer to carry out the hutting of the Frontier Constabulary of the Kishna District by arrangements with the Potails as proposed* by the Collector and Deputy Inspector General of Northern Range.

Original letter from the Deputy Inspector General, dated 3rd June 1862.
Original letter from the District Engineer to the Deputy Inspector General, dated 3rd June 1862.
To be returned.

From Lieutenant T. E. TENNENT, Deputy Inspector General of M. Police, Northern Range; to W. ROBINSON, Esq., Inspector General of Madras Police, dated Masulipatam, 3rd June 1862.

The Magistrate of the Kistnah District and the Superintendent are most anxious to introduce the new Police into the frontier Taluqs of Palnad and Krossoor, and Mr. Thornhill proposes to accompany the Superintendent of Police and myself into the Palnad Taluq at the end of this month for the purpose of making arrangements for occupying firmly with a strong Constabulary Force that wild and unknown part of the District.

2. To enable us to do so it will be necessary to provide shelter for the men, and I have addressed the District Engineer on the subject of immediately hutting the force.

3. Major Anderson fears that he will not be able to commence operations for some time and push on the work as rapidly as is expected. I enclose his reply to my letter of the 2nd instant for your information.

4. The necessity for providing shelter for the force in this wild country is so obvious, that I need not enumerate my reasons for pressing the subject upon your attention, and after consultation with the Magistrate and District Engineer we have come to the decision that the most expeditious manner for lodging the men will be by making arrangements with the head of the villages and local servants of Government, I therefore venture to solicit that you will obtain the permission of Government to sanction the expenditure of Rupees 1,000 in the manner above described for hutting the Police in the Palnad Taluq.

From Major J. C. ANDERSON, District Engineer Kistna; to Captain T. E. TENNENT, Deputy Inspector General of Police, Northern Division, dated Masulipatam, 3rd June 1862.

Referring to your letter No. dated 2nd instant, requesting me to inform you whether I could make arrangements, for preparing huts for the Police Force, at twenty-five stations and outposts in the Palnad and Krossoor Taluqs during the current month, I have the honor to explain that it is probable that orders for proceeding with the huts could not be conveyed to the Subordinates Department Public Works in these distant Taluqs, within a week from this date, and that I question if more could be done by them during the remainder of the month than simply visiting the various posts, selecting sites, and arranging for the allotment of the ground required.

I have but three Subordinates for carrying out the whole of the works in the immense tract of country lying between No. 6 Trunk road and the western frontier of the District. They are now fully occupied with the annual repair of the numerous tanks which are scattered over this tract, and without neglecting them and other works, it would be impossible that they should push on with the Police huts so rapidly as would seem to be expected.
