Proceedings of the Madras Government, Judicial Department,
21st June 1862.

No. 145. Read the following letter from Lieutenant Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer, in charge of Southern Circle; to Lieutenant Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 7th June 1862, No. 9.

*Judicial Department, communicated with Proceedings Madras Government, No. 658, dated 2nd April 1862, Public Works Department.

†Judicial Department.

Enclosures 11.

- 1 Letter from District Engineer, No. 565, dated 13th February 1862.
- 2 Specifications.
- 2 Revised Plans.
- 2 Abstract Estimates.
- 2 Original Plans.

Government in Order No. 400, under date 10th March* 1862, sanctioned the measure proposed by the Inspector General of Jails of building Cottages for Warders contiguous to the European Convict Prison at Ootacamund; and gave authority for the immediate collection of materials, and orders for the preparation and early submission of Plans and Estimates, previously called for (in Government Order No. 795, of 20th June† 1861.) These latter were I find received in this Office on the 18th February last, the Plans duly countersigned by the Inspector General of Jails; they therefore ought to have been long since laid before Government.

2. They are now herewith submitted, notwithstanding the recent prohibitory order issued; because it seems to me that being for works already absolutely sanctioned, the anticipated cost of which will have been doubtless considered in the arrangements for the allotment of the Reserve Fund, Government would not desire that they should be withheld.

3. I have revised the Estimates in one respect. The originals provided for walls for the Warders' Cottages, Privies, outhouses, &c., of brick in chunam throughout, a style of building altogether unusual at Ootacamund, where certainly $\frac{2}{5}$ th of the best houses have no chunam at all in their walls except where a chimney has to be carried, and the remaining $\frac{1}{5}$ th have only one foot of brickwork in mortar at the top of the walls under the wall plate. I have therefore altered the details of the estimates in this respect; substituting brick in clay for the intermediate portion of the walls, and allowing a basement 1 foot in height and a cupping course at top, 1 foot in depth; an arrangement which will in my opinion answer perfectly well.

4. The alteration involves a saving in the aggregate of the estimates of Rupees 2,560. I therefore beg leave to recommend sanction being given for the expenditure of Rupees 13,750 on this account, and there is I apprehend no resource, but the Reserve Fund available to meet the demand.

5. I should mention that the amount to be sanctioned if brick in chunam is to be employed throughout in the construction of these Cottages and their adjuncts, will be Rupees 16,310.

Referred to the Judicial Department, for consideration.

(Signed) W. H. HORSLEY, Lieut. Colonel,
Secretary to Government, P. W. D.
