*Acting Chief Secretary.*

## PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel R. STRACHEY, Secretary to the Government of India, to Lieutenant-Colonel W. H. HORSLEY, Secretary to the Government of Fort Saint George, Public Works Department, dated Fort William, 22nd May 1862, No. 1,965:—

SIR,

1. I am directed to acknowledge receipt of your letter No. 885, dated 30th ultimo, applying for an additional grant of Rupees 1,50,481 to meet the cost of construction and repairs of Station Houses and hutting of the Police of the Madras Presidency during the current official year.

2. It is explained that provision for this purpose was made in the Police Budget of 1862-63, but that the amount was struck out as properly appertaining to Public Works Budget. The latter Budget had however been prepared before the mistake was discovered, and the Government of Madras considers it impracticable to devote to this purpose any portion of the Public Works allotment for 1862-63, and requests therefore that additional funds may be sanctioned to meet the want.

3. This is unfortunate; but the Government of India having made the distribution of funds for the year, cannot meet this demand, which must therefore be left to be provided for by the Madras Government in the best way it can. To Madras has already been assigned a far larger share of the Public Works allotment for the year than to any other Province, and the Madras Government must now determine for itself the service in which the economy is to take place, by which this demand may be met. His Excellency the Governor General in Council has no doubt that the necessary saving might readily be effected out of the very large sum devoted to Public Works Establishments.

4. I am further to observe that the Government of India in this Department has no information as to the precise nature of the Police buildings proposed to be erected, nor under what circumstances it can be necessary to provide accommodation for the Police and their families as seems to be intended. No expenditure should therefore be permitted for this purpose until the point has been considered in the Home Department and the orders of H. E. in C. issued upon it.

No. 1,966.

Ordered, that copies of the letter from the Government of Madras, and of this reply, be forwarded to the Home Department, for the purpose indicated in the including paragraph.

ORDER THEREON, 19th June 1862, No. 1,402.

1. Communicated to the Judicial Department, Chief Engineer, and Deputy Chief Engineers Northern, Southern, and Central Circles for information.

The Government observe with reference to paragraph 3, that they have already resolved to furnish the funds necessary for Police Station Houses and Huts during the current year from the Public Works Reserve. Some of these buildings are in progress at the present time under the authority conveyed in the orders of Government marginally noted, and the remainder are urgently required for housing the Force, which for want of such accommodation is becoming demoralized and a source of annoyance to the inhabitants of the towns and villages in which the men are located. The Government direct therefore that the erection of the huts be proceeded with to the extent for which funds may be available, and that intimation of this, with the reasons for adopting this course be made to the Government of India through the Judicial Department.

It is better from the point  
of view in the subject of  
the construction of the  
Latin House than that of  
the price of this country  
the current price & thereby  
that the creation of the land  
proceeded with the extent  
for which funds may be  
available & that in fact  
of this with the reason for  
why a land that cannot be made  
to the point of view that the  
land is left.
