No. 251. Read the following letter from Lieutenant Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division; to the Secretary to Government, Public Works Department, dated Cuddapah, 13th November 1863, No. 200.

At the urgent request of the Sessions Judge and of the Acting Collector of Cuddapah, I have the honor to solicit sanction for the accompanying estimate, amounting to Rupees 1450, for a drain to convey the sewage from the

Cuddapah Jail into the bed of the Boogga river, below the anicut as shown in the enclosed sketch

2. The whole of the drainage from the Jail now falls into the bed of the river above the anicut, from whence during the hot season, the great majority of the inhabitants of Cuddapah procure their drinking water; strong representations on the subject have been made to the Judge who is most anxious that measures should be taken for putting a stop to this nuisance with as little delay as possible.

3. The estimates includes a few alterations in the drains within the Jail enclosure, in order to turn the sewage into one and the same channel.

4. As there are no funds at my disposal available for this work, I beg to solicit a grant of Rupees 1450 from the Reserve Fund of the current official year.

Referred to the Judicial Department.
