*Proceedings of the Madras Government, Judicial Department,
6th March 1863.*

No. 30. Proceedings of Government, dated 6th March 1863, No. 361.

In the Proceedings of Government in the Department of Public Works under date the 25th June last, No. 1,482, the Governor in Council directed that the Inspector General of Jails and other heads of Departments should abstain from criticising professional details in the plans and estimates of buildings erected for their Departments by the Department of Public Works.

2. In the Proceedings of Government in the Judicial Department under date the 24th September last, the Government so far modified the above Order as to permit the Inspector General of Jails to address the Chief Engineer or any other Public Works Officer with whom he might have occasion to correspond on any points of professional detail on which he considered that plans and estimates submitted for his approval were susceptible of improvement.

3. On further consideration of the subject, the Governor in Council resolves to direct that any remarks which the Inspector General of Jails may have to make with reference to alleged defects either in the estimates or in the execution of work coming under his notice shall be addressed to Government, and that he shall not in future correspond direct with the Officers of the Public Works Department on such matters. He will still be at liberty to point out to those Officers any errors he may perceive in the plans submitted to him. But such comments are to be restricted to the suitability or otherwise of the arrangements provided for in the plans, and are not to have any reference to such purely professional questions as to the quantity, quality or cost of the materials which have been, or are to be, used. Any representations he may wish to make on such points, must be addressed to Government.

(Signed) A. J. ARBUTHNOT,
Chief Secretary.
